FROM DIRECTOR'S OFFICE

Burjis N. Godrej

Dear Shareholders,

It is my privilege to present the Annual Report of your Company for the Financial Year 2025–26.

The year under review unfolded amid a complex and evolving global environment. Persistent geopolitical tensions, shifting trade dynamics, and climate variability continued to create uncertainty across markets. The agrochemical industry, in particular, witnessed a gradual transition from a phase of inventory correction toward volume normalization, even as pricing remained under pressure due to competitive intensity and supply-side realignments.

In this backdrop, India continued to demonstrate resilience, supported by strong domestic demand, stable macroeconomic fundamentals, and an increasingly favorable policy framework. The agricultural sector remains central to this growth narrative, driving rural demand while undergoing a structural transition toward productivity-led and technology-enabled practices.

Against this dynamic landscape, your Company remained focused on strengthening its core businesses, improving execution discipline.

Strategizing for Sustainable and Resilient Growth

Financial Year 2025–26 was a year that required calibrated responses and disciplined execution. The operating environment for B2B agrochemicals—especially in enterprise products and Contract Development and Manufacturing Organization (CDMO) —remained challenging in the first half, impacted by destocking, subdued demand, and price corrections. Your Company delivered a strong turnaround, achieving EBITDA break-even for the year. Improved volumes, better realizations, and higher capacity utilization across Enterprise and CDMO portfolios positioned your company for sustained recovery.

However, as the year progressed, early signs of stabilization emerged, with recovery being driven largely by volume growth rather than pricing. In this context, our focus remained clearly anchored on:

- Improving volume traction across enterprise and CDMO businesses
- Enhancing product mix and realisations
- Driving operational efficiencies and cost optimization
- Strengthening working capital discipline

This approach enabled us to navigate near-term headwinds while laying the foundation for sustainable growth.

Strengthening Innovation and CDMO Capabilities

The global agrochemical industry continues to evolve toward specialized, innovation-led and partnership-driven models, particularly in the CDMO space. Increasing complexity of molecules, regulatory requirements, and supply chain diversification are creating opportunities for capable Indian manufacturers.

In this context, your Company has continued to strengthen its positioning as a reliable partner for global innovators, supported by:

- Investments in state-of-the-art R&D capabilities
- Focus on process innovation, yield improvement, and cost competitiveness
- Expansion of pipeline with complex and differentiated molecules
- Strong emphasis on quality, compliance, and EHS standards

Our R&D infrastructure, including advanced research facilities, plays a critical role in building a robust pipeline of future CDMO opportunities. We remain committed to accelerating innovation cycles and deepening partnerships with global customers.

Driving Operational Excellence and Efficiency

Operational discipline remained a key focus area during the year. We undertook multiple initiatives aimed at improving competitiveness and strengthening the operating backbone:

- Process optimisation and yield improvement
- Rationalisation of costs through efficiency programmes
- Improved supply chain planning and execution
- Working capital optimisation, particularly inventory management

These initiatives supported margin stability in a challenging pricing environment and strengthened our ability to respond dynamically to market conditions.

Embracing Sustainability, the Godrej Legacy

Sustainability remains integral to our strategy and operations. As part of the broader Group philosophy, we are committed to responsible growth that balances economic performance with environmental stewardship and social responsibility.

During the year, we continued to focus on:

- Strengthening Environment, Health and Safety (EHS) practices
- Increasing adoption of renewable energy and resource efficiency initiatives
- Driving waste reduction and responsible manufacturing practices
- Supporting rural livelihoods and community development

Our continued certification under recognized global standards is a testament to our commitment to operating responsibly.

Outlook: Positioned for Long-Term Growth

While near-term challenges persist, the medium-to-long-term outlook for the agrochemical sector remains positive, driven by:

- Growing global demand for crop protection solutions
- Increasing focus on food security and farm productivity
- Shift toward diversified and resilient supply chains
- Rising demand for CDMO and contract manufacturing partnerships

Your Company is well-positioned to capitalize on these opportunities through:

- A strong manufacturing base
- Increasing R&D capabilities
- Established relationships with global customers
- Focus on complex chemistries and differentiated offerings

We will continue to focus on building scale in CDMO, strengthening enterprise products portfolio, and enhancing operational excellence.

Before I conclude, I would like to express my sincere gratitude to our employees for their dedication and resilience, to our customers and partners for their continued trust, and to our shareholders for their unwavering support.

I would also like to thank the members of the Board for their guidance and oversight.

We remain committed to creating long-term value for all stakeholders as we move forward with confidence and purpose.

We sincerely hope for your continued support as we take this Company forward, the Godrej way.

Regards,

Burjis N. Godrej

World of Astec LifeSciences

About Us

Astec LifeSciences Limited - A Proud Member of the Godrej Industries Group

Since our establishment in 1994, we have undergone substantial growth, solidifying our position as a prominent player within the agrochemicals and intermediates sector. In 2015, we became a majority-owned subsidiary of Godrej Agrovet Limited, aligning ourselves with the Godrej way of doing business. Drawing from nearly three decades of experience in the development and production of various chemicals, we have cultivated enduring relationships with global organizations.

Astec is helping its Contract Development and Manufacturing Organisation (CDMO) customers craft abundance in their end markets globally, by carrying out custom synthesis and manufacturing of active ingredients and advanced intermediates. We stand as a prominent CDMO, anchored in research, technology and a robust foundation in chemical manufacturing. We partner with customers globally to deliver innovative development solutions, backed by large-scale manufacturing capabilities, a strong culture of safety and operational excellence, and an unwavering focus on sustainability, reflecting the values of the Godrej Industries Group.

Our integrated manufacturing campus in Mahad, supported by an advanced R&D Centre and a Pilot Plant in Rabale and Dombivli respectively, empowers efficient scale-up, process optimisation and seamless transition from development to commercial production. Every new facility is designed for zero liquid discharge, underscoring our commitment to responsible and sustainable operations.

Astec produces a broad portfolio of active ingredients and intermediates, collaborating with global partners through exclusive arrangements that ensure protection of intellectual property. As a Government of India Three-Star Export House, we proudly serve customers across geographies with world-class execution, differentiated chemistry capabilities, and a customer-centric approach.

Management Discussion and Analysis

Economic and Industry Overview

Global Economy and Outlook

The global macroeconomic environment during the Financial Year 2025–26 remained volatile, with persistent geopolitical tensions, supply chain disruptions, and evolving trade policies continuing to influence industrial sectors, including agrochemicals. Conflicts in key regions, particularly West Asia and Eastern Europe, led to disruptions in energy markets and critical shipping routes such as the Red Sea corridor, resulting in elevated freight costs and volatility in crude-linked intermediates.

The agrochemical industry, being closely integrated with global trade flows and commodity markets, experienced continued pricing pressure and cautious demand recovery. Elevated channel inventories across developed markets, particularly from prior-year overstocking, resulted in delayed order replenishment and muted demand for active ingredients, particularly in fungicides and herbicides.

Global agrochemical demand trends were further influenced by:

- Destocking by global innovators and distributors
- Farmer affordability constraints in certain markets
- Weather variability impacting crop cycles across geographies
- Stringent regulatory frameworks in Europe and other developed markets

The shift towards supply chain diversification (“China+1” strategy) continued during the year, with global agrochemical companies increasingly de-risking sourcing bases. While this trend presents long-term opportunities for Indian manufacturers, it also entails near-term cost pressures due to compliance, qualification, and supply chain realignment.

Despite these challenges, global GDP growth is expected to stabilize at ~3% over the medium term, with gradual inventory normalization and improved demand visibility expected over the next 12–24 months. The agrochemical sector is likely to witness phased recovery driven by volume growth, albeit with continued pricing discipline.

Indian Economy and Outlook

India continued to demonstrate strong macroeconomic resilience during the Financial Year 2025–2026, supported by robust domestic demand, sustained government capital expenditure, and stable financial conditions. As per estimates, India’s real GDP growth remained strong at approximately 7.0%–7.4%, positioning it among the fastest-growing major economies globally.

From an agrochemical perspective, the Indian economy benefited from:

- Favourable monsoon conditions and healthy reservoir levels
- Stable agricultural output and record foodgrain production
- Improving rural liquidity and farmer sentiment
- Government support through agricultural and rural-focused policies

The agriculture sector remained a critical driver of rural consumption and input demand. Growth in high-value crops, increased mechanization, and focus on yield improvement supported demand for crop protection chemicals.

Structural tailwinds for the Indian agrochemical sector include:

- Low per hectare agrochemical consumption compared to global averages
- Rising shift towards scientific and precision farming
- Increasing adoption of crop protection and yield-enhancing solutions

- Strong export competitiveness of Indian manufacturers
- India's medium-term growth outlook remains robust, with GDP growth expected around 6.5%, supported by structural reforms, demographic advantages, and growing domestic consumption.

Agrochemical Industry and Implications for the Company

The agrochemical industry plays a pivotal role in enhancing agricultural productivity, addressing food security, and supporting sustainable farming. India, with one of the largest agricultural bases globally, remains a key market and manufacturing hub for agrochemicals.

Industry Structure and Trends

The industry comprises:

- Enterprise (Generic Actives & Intermediates)
- Contract Development & Manufacturing (CDMO) for global innovators

During FY 2025–26:

- The enterprise segment faced pricing pressure, especially in key fungicide molecules due to global oversupply.
- The CDMO segment witnessed subdued volumes due to destocking, although long-term demand outlook remains robust.
- Export markets saw gradual recovery in volumes but continued pricing compression.

Key Industry Drivers

- Rising global population and food demand
- Declining arable land and need for productivity enhancement
- Increasing pest resistance and need for effective crop protection
- Shift towards high-value crops (fruits, vegetables)
- Technology adoption and formulation innovations
- Off-patent opportunities in agrochemical molecules

Implications for the Company

As a B2B agrochemical player with strong presence in triazole fungicides and CDMO, the Company is strategically positioned to:

- Benefit from global supply chain diversification
- Strengthen partnerships with global innovators
- Expand portfolio through off-patent molecules
- Improve margins through backward integration and process innovation

However, the Company remains exposed to:

- Global agrochemical cyclicality
- Pricing volatility in key molecules
- Customer concentration risks in CDMO
- Supply chain dependencies

Your Company is one of the leading players in triazole fungicides and is well placed to capitalize on opportunities arising in the domestic as well as the international markets with well-established market credentials. The Company has 4 (four) manufacturing facilities in Mahad, Maharashtra and has a state-of-the-art Research and Development (R&D) Center which will further augment your Company's R&D capabilities.

Company's Financial and Operational Performance

The highlights of overall performance are as follows:

Key Financial Highlights

Particulars (in ₹ Lakh)	FY 2025-26	FY 2024-25
Sales	44,815	38,130
Total Income	45,322	38,693
Earnings Before Interest, Tax, Depreciation and Amortization (EBITDA)	54	(6,058)
Profit / (Loss) Before Exceptional Items & Taxation	(7,891)	(14,099)
Profit / (Loss) Before Taxation	(8,100)	(14,099)
Profit / (Loss) After Taxation	(8,088)	(13,471)

Particulars	FY 2025-26	FY 2024-25
Earnings Per Equity Share (₹) - Basic	(37.79)	(68.71)
Earnings Per Equity Share (₹) - Diluted	(37.79)	(68.71)

Profitability Ratios	FY 2025-26	FY 2024-25
EBITDA / Sales	0.1%	-15.9%
Operating Margin (in %)	-11.0%	-28.8%
PBT / Sales	-17.6%	-37.0%

Debt Equity Ratio	1.15	2.36
Debtors' Turnover Ratio	2.25	3.14
Inventory Turnover Ratio	3.01	2.14
Current Ratio	0.89	0.93

The formulae used for computation of key financial ratios are as follows:

EBITDA / Sales	Earnings before Interest, Tax, Depreciation and other Amortizations and Exceptional Item / Net Sales
Operating Profit Margin (%)	Profit Before Interest and Taxes and Exceptional Item / Net Sales
PBT / Sales	Profit Before Tax and Exceptional Item / Net Sales
Net Profit Margin (in %)	Profit After Tax / Net Sales
Return on Capital Employed	Earnings before Interest and Tax and Exceptional Item / Average of Capital Employed
Return on Net Worth	Profit After Tax / Average of Total Equity
Debt Equity Ratio	Total Debt / Shareholders' Equity
Debtors Turnover Ratio	Net Credit Sales / Average Trade Receivable
Inventory Turnover Ratio	Net Sales / Average Inventory
Current Ratio	Current Assets / Current Liabilities

The Company's CDMO and Enterprise businesses witnessed a strong recovery during the year, supported by improved performance in both export and domestic markets. This growth was primarily driven by higher volumes and favorable pricing trends across key products. Consequently, the Company reported an increase in revenues albeit on a lower base, along with improvement in margins for FY 2025-26.

- Export sales grew by 6.7% YoY, while domestic sales witnessed a strong growth of 40.6% YoY.
- CDMO contributed 52% of total sales in FY 2025-26, with Enterprise segment accounting for the remaining 48%.
- Geographically, exports constituted 62% and domestic sales 38% of total revenue.
- Gross margin improved significantly to 33.4% in FY 2025-26, compared to 22.1% in FY 2024-25.

Despite the short-term challenges, your Company continued to focus on Contract Development and Manufacturing Operations (CDMO) segment in line with the long-term strategic ambitions. Improved volumes, better realizations, and higher capacity utilization across Enterprise and CDMO portfolios position the company for sustained recovery.

The state-of-the-art Research & Development Center, named the "Adi Godrej Center for Chemical Research and Development" in Rabale, Maharashtra, is equipped with advanced synthesis and formulation laboratories along with sophisticated safety infrastructure to strengthen the Company's CDMO capabilities. This strategic investment enhances product development, accelerates time-to-market, enables end-to-end solutions through advanced analytical facilities, and positions the Company as a preferred partner for global innovator companies. Despite near-term challenges, this future-ready R&D Center underscores Astec's strong commitment to innovation and long-term value creation.

Godrej Agrovet Limited, the Holding Company has increased its shareholding in your Company (1,49,35,245 Equity shares, 67.03% as on 31st March 2026 and 1,26,99,054 Equity Shares, 64.75% as on 31st March 2025).

Opportunities, Strengths and Concerns

Opportunities:

Indian chemical companies are expected to rapidly gain market share on the back of multiple favorable factors listed below:

- **Rising Domestic Demand**

With India's growing population and expanding middle class, the demand for chemicals in various sectors such as agriculture, pharmaceuticals, and consumer goods is increasing. This provides a substantial market for domestic chemical companies.

- **Export Growth and CDMO Expansion**

Global customers are increasingly diversifying sourcing beyond China due to geopolitical, regulatory, and environmental considerations. With several active ingredients going off patent globally over the next decade, Astec is well placed to capitalize on custom development and manufacturing opportunities, particularly in triazole fungicides and herbicides. There is potential to expand exports further, especially to markets in Europe and North America.

- **Focus on Sustainability and Responsible Manufacturing**

Growing regulatory scrutiny, ESG expectations, and stakeholder focus on sustainable business practices are driving the adoption of responsible manufacturing processes, resource efficiency, and enhanced environmental stewardship across the industry. These trends align well with the Company's R&D-led approach and focus on process innovation, operational excellence, and sustainable growth. This positions the Company to strengthen customer relationships, access new market opportunities, and meet the evolving expectations of global customers and regulators.

- **Technological Advancements and Digitalization**

Automation, process optimization, and digital tools across R&D and manufacturing offer opportunities to improve yields, reduce costs, enhance safety, and strengthen competitiveness in both domestic and export markets.

- **Ingredients going off-patent**

Globally, around 22 active ingredients are expected to go off patent over the next 10 years. The estimated market size for these products will be around \$4.1 billion by 2026. Indian chemical sector is well placed to capitalize on such opportunities and to build a strong manufacturing base.

- **Government and Policy Tailwinds**

Increased Government focus on agriculture productivity, domestic manufacturing, and export competitiveness supports the medium-term growth prospects of Indian agrochemical companies.

- **Geopolitical Shifts**

Changes in global trade dynamics, such as stricter environmental regulations in China and trade conflicts, are creating opportunities for Indian chemical companies to fill the gaps in the global supply chain.

Strengths:

- **Strong Position in Select Chemistry Platforms**

The Company has established a leadership position in triazole fungicides and continues to diversify its portfolio in herbicides, supported by longstanding relationships with reputed domestic and global customers.

- **Robust R&D Capabilities**

Astec's well-equipped R&D infrastructure plays a critical role in both new product development and the rapidly expanding CDMO business. The Company's ability to support global innovators through process development, scale-up, and commercial manufacturing is a key competitive advantage.

- **Export Orientation with Diversified Geographies**

A significant share of revenues from exports provides access to multiple geographies, reducing dependence on any single market and enabling participation in global growth opportunities.

- **Expanding and Flexible Manufacturing Infrastructure**

The commissioning of herbicide plants in recent years has strengthened backward integration, and enhanced portfolio flexibility, positioning the Company to respond swiftly to evolving customer requirements.

Concerns:

- **Global Trade and Regulatory Uncertainty**

Escalating trade tensions, evolving tariff structures, and changing regulatory regimes across key export markets may impact demand visibility, pricing, and supply chain continuity. Given Astec's significant export exposure, policy shifts can materially affect revenues. The Company is in the process of expanding its CDMO space to hedge itself from the effects of market volatility and vagaries.

- **Raw Material Dependence and Supply Chain Risks**

A meaningful portion of raw materials continues to be sourced from overseas markets, exposing the Company to risks related to availability, logistics, geopolitical developments, and price volatility. The Company is actively working on vendor diversification and de-risking strategies.

- **Weather Variability and Agricultural Cyclicity**

Agrochemical demand is closely linked to weather patterns, pest incidence, and crop acreage since it directly impacts the application of crop protection products. Erratic monsoons and climate volatility can lead to demand fluctuations, particularly in focused product segments. Your Company's presence into wider geographies through exports limits the risk, to a significant extent.

- **Foreign currency volatility and interest rates:**

Export led revenues expose the Company to currency fluctuations. While a structured hedging policy is in place, sharp movements in exchange rates or interest costs can impact profitability.

Segment-wise Performance or Product-wise performance:

Your Company has only 1 (One) reportable segment, i.e., Agrochemicals. The Consolidated Total Income from agrochemicals was 45,321.65 Lakh for the FY 2025-26.

Internal Control System:

Your Company has adequate internal controls in place designed and developed to :

- a. Safeguard its assets from unauthorized use or losses
- b. Conduct its business operations efficiently in line with the Company's policies
- c. Maintain accuracy, completeness and reliability of the financial and accounting records
- d. Comply with the applicable laws, rules and regulations
- e. Detect and prevent any fraud in the accounting and reporting system

The Audit Committee of the Board of Directors oversees and evaluates the internal financial controls and risk managements system as well as spearheads the internal audit mechanism, on a regular basis.

Human Resources

Your Company has adopted progressive Human Resources (HR) policies to develop and empower its valuable employee force. We provide ample, equal and fair opportunities to groom our employees and put them on career progression paths, without any form of discrimination in terms of religion, gender, race, color, caste, etc. We take several initiatives to inspire our workforce and to care for them. As a part of Godrej Group, we have Whistleblower Policy and Prevention of Sexual Harassment Act Policy to empower our employees to be able to identify and report any wrong doings in the system. The Company believes in being an employer that provides all tools and guidance to its employees so that they can discover their full potential and add value to the organization through their skills and behavior.

Our Value Proposition

Deep Knowledge

- Our specialization in multi-step synthesis undertaking complex chemical reactions to produce key specialty chemicals with a focus on developing innovative manufacturing processes

Timely Delivery

- Our proven track record of timely delivery of products and services to our partners without compromising on compliance and quality, despite of tight deadlines
- Partner of choice for process optimization and large scale production

Focus on Safety

- Astec LifeSciences is a 'Responsible Care' Company
- DuPont's 14 element-based Process Safety Management System implemented across our Plants to ensure Safe Operations
- Achieved significant sustainability milestone by acquiring EcoVadis Gold rating

State-of-the-art R&D Centre

- Adi Godrej Center for Chemical Research and Development, equipped with best-in class research infrastructure
- Laboratories for Product Synthesis, Analytical method development, Process Safety, Fluorination, Kilo & Flow Chemistry, and Formulation Development

Assets – Infrastructure and Capability

- 8 multi-purpose and multi-product manufacturing plants constituting 4 factories, rendering us ability to handle multi-synthesis and complex chemistries
- A dedicated Herbicide manufacturing facility with high-potency blocks and zero-Liquid discharge facility
- All the manufacturing plants are fully/semi-automated with the DSC system to ensure best practices process monitoring and operations

Quality Governance

- Best in class accreditations including Responsible Care, ISO 9001:2015 (QMS), ISO 14001:2015 (EMS), ISO 27001:2022 (ISMS) and ISO 45001:2018 (OHSAS)

Strong Team

- Our team of visionary leaders along with the strong and dedicated management as well as highly experienced R&D & technology team together plan, develop and deliver solutions tailored to fit the needs of the customer.

Key Growth Drivers

Vision and Capability to Predict Emerging Market Needs - Key Drivers of Success

With the ability to anticipate industry shifts and global chemical supply chain, India is being constantly recognized as a global hub for agrochemical innovation and manufacturing. Astec LifeSciences Limited has made strategic moves to enhance its business by expanding Contract Development and Manufacturing Operations (CDMO) capabilities. Our Research & Development (R&D) Center at Rabale is continuously innovating new products. These advancements, coupled with strategic partnerships, address the evolving needs of global innovators. We remain committed to growing CDMO portfolio, ensuring that our manufacturing capabilities are agile and positioned for sustained leadership and long-term growth.

In our pursuit of growth, we have thoughtfully identified our key enablers with the vision of creating a diverse portfolio of chemistries, products, and solutions to meet the demands of the future. Our growth trajectory will be reinforced by fortifying our intangible assets, built upon the foundational pillars of our values – safety, responsibility, sustainability, quality, cost leadership and speed to market.

Contract Development and Manufacturing Operations (CDMO)

The global agrochemicals market is projected to experience substantial growth, with forecasts indicating a Compound Annual Growth Rate (CAGR) of around 3.4%. The market size which was USD 223.03 billion is expected to be around \$301.34 billion by 2033. The global Contract Development and Manufacturing Operations (CDMO) market is poised to grow at a CAGR of 10% up to 2029. Indian companies have increasingly been recognized as the as strategic partners in this evolution, and your Company well positioned to capitalize on this trend. Your Company is actively developing a robust pipeline with end to end solution for its CDMO

business. Our flexible approach focuses on cost and quality backed with strong research infrastructure. Your Company did face some challenges in H1 due to the unforeseen global tensions, however the company managed to improve its CDMO business by 2.5x in H2 in Financial Year 2025-26. We are future ready with Capacity expansion and new Herbicides facility which will yield tangible returns. Effective utilization of the new R&D Centre with world-class infrastructure will boost our efforts towards adding new customers in the CDMO segment. Our current infrastructure is fully ready to realize our long-term vision.

Factors favouring our CDMO play

Adi Godrej Center for Chemical Research & Development

Our Company's state-of-the-art Research & Development Center in Rabale (Maharashtra) named the "Adi Godrej Center for Chemical Research and Development" which was inaugurated in April 2023, reflects our strong commitment to innovation and future-readiness. The Center continues to spearhead advancements in green chemistry, sustainability and faster go-to-market strategies for innovators. This investment stands as a clear testament to our forward-thinking approach — setting benchmarks well ahead of current industry standards.

In the past three years, the R&D Center has demonstrated a remarkable growth and contributed significantly towards the vision of your Company. The Company's state-of-the-art R&D Center projects have increased to fivefold since its inception. This has also enhanced commercialization of new products. With a strong focus on delivering innovation through continuous chemistry process, the team is also expanding in the development of adjacent segments such as specialty chemicals and advanced intermediates for pharmaceuticals, leveraging its broad expertise in diverse chemistries. In order to support this momentum, the diversity in the workforce of scientists and engineers has also grown significantly in last three years.

Health & Safety

Safety that goes beyond the statistics for a sustainable tomorrow

At Astec LifeSciences, we embed safety in all our operations and prioritize the safety of our employees. Our approach to Environment, Health, Safety (EHS) goes beyond just a compliance. Our culture believes that a safe workplace is not just a legal requirement, but it is a catalyst for innovation, productivity and trust.

We ensure to continuously invest in building a strong safety culture - one that is visible in behaviour and not just in reports. We believe that any amount of profits and progress is not more than the safety of the people.

"For us, Safety is not just a priority but the core value upon which we have created our high-functioning culture."

New Initiatives in Safety

As part of our continuous efforts to enhance safety protocols, Astec LifeSciences has implemented four key initiatives:

Safety First!!!

Focus on process safety across our factories is our key strategy for ensuring safe operations. At Astec LifeSciences, our continued exemplary safety performance is driven by Dupont's world class PSM System which lends us an important competitive edge in the market. The System focuses on 14-elements of process safety and helps us achieve Operational Excellence through Operational Discipline. Process Safety Management is increasingly becoming the standard that is applied to many hazardous processes around the globe. Process safety principles and systems not only help manage our risks, they are effective tools for increasing the safety of our operations while also improving productivity, cost efficiency and quality.

Sustainability at a Glance

At Astec LifeSciences, sustainability is integral to how we innovate, operate and create value. As a subsidiary of Godrej Agrovet, we are aligned with the Godrej Industries Group's Good & Green philosophy and are committed to advancing climate action, resource stewardship, responsible manufacturing, and sustainable innovation. By embedding sustainability into our operations and decision-making, we aim to create lasting value for stakeholders while contributing to a more resilient and sustainable future.

Sustainability Framework

Sustainability is embedded in our business strategy and decision-making. Our four-pillar framework enables us to create long-term value for stakeholders while addressing climate change, resource scarcity, food security, and responsible growth.

Climate & Resources Stewardship

We are committed to reducing our environmental footprint through decarbonisation, renewable energy adoption, water stewardship, and resource efficiency. This pillar supports our transition towards a low-carbon, climate-resilient future while conserving critical natural resources.

Sustainability Leadership

Strong governance and transparent disclosures form the foundation of our sustainability journey. Through robust ESG oversight, risk management, and stakeholder engagement, we aim to embed sustainability into business strategy and decision-making.

Responsible & Regenerative Value Chain

We strive to build resilient and regenerative value chains by promoting responsible sourcing, biodiversity conservation, climate adaptation, and sustainable agricultural practices. Our focus is on creating positive impact across the ecosystems in which we operate.

Sustainable Products & Innovation

Innovation enables us to develop sustainable solutions that enhance agricultural productivity while minimising environmental impact. Through circular economy principles, product stewardship, and climate-smart technologies, we aim to drive long-term sustainable growth.

Sustainability in Action

Across our operations and value chains, we continue to translate our sustainability commitments into measurable action. The following are some of our success stories which highlight how focused interventions deliver tangible outcomes for the climate, natural resources and the communities connected to our business:

1. Advancing Sustainability Performance through EcoVadis

Astec LifeSciences achieved a significant sustainability milestone by improving our EcoVadis rating from Bronze to Gold, reflecting our continued progress in embedding sustainability across our operations and value chain. This achievement demonstrates our commitment to strengthening environmental stewardship, responsible business practices, labour and human rights, ethics and sustainable procurement.

The EcoVadis assessment evaluates organizations across four key ESG dimensions – Environment, Labour & Human Rights, Ethics, and Sustainable Procurement. Achieving the Gold rating validates our efforts to align with globally recognized sustainability standards while advancing responsible manufacturing, regulatory compliance and resource efficiency.

2. Upholding Excellence through Responsible Care

Astec LifeSciences has been a Responsible Care member company since 2006, demonstrating a long-standing commitment to health, safety, environmental stewardship, and sustainable operations. Responsible Care is the chemical industry's globally recognized voluntary initiative that promotes continuous improvement in HSE performance and responsible business practices.

In 2024, Astec successfully achieved re-certification under the Responsible Care® program of the Indian Chemical Council (ICC) for a further three-year term, reaffirming the Company's commitment to excellence in Process Safety, Occupational Health & Safety, Environmental Protection, Security, Product Stewardship, Transportation Safety and Community Awareness & Emergency Response.

The Responsible Care philosophy is embedded across our manufacturing operations and extended to suppliers, contractors and logistics partners. Through continuous process reviews, technology upgrades, robust safety systems and adherence to stringent regulatory standards, we strive to ensure operational excellence while safeguarding employees, communities and the environment.

3. Transforming Waste into a Valuable Resource

As part of our commitment to circular economy principles and responsible waste management, we transitioned waste generated from manufacturing operations from incineration to pre-processing platform and subsequently to co-processing it into cement kiln. By utilizing waste as an alternative fuel and raw material in cement manufacturing, we are enabling recovery of embedded energy and reducing the consumption of fossil fuels.

This initiative reflects our efforts to move beyond waste disposal towards resource recovery, ensuring that waste is productively utilized while minimizing environmental impact. The transition has contributed to lower greenhouse gas emissions, reduced reliance on natural resources, and strengthened circularity across our operations.

Further, in compliance with Regulation 36(1)(b) of the SEBI Listing Regulations, a letter providing the web-link, including the exact path on the Company's website, where Annual Report for the Financial Year 2025-26 is available, is being sent to those Shareholders whose e-mail address is not registered with the Company or the Depository Participant(s) or Bigshare. Shareholders are requested to support the "Green Initiative" by registering / updating their e-mail address(es) in the manner specified in this Notice, to enable the Company to send electronic communications.
13. Shareholders may also note that the Notice of 32nd AGM and the Annual Report for the Financial Year 2025-26 will be available on the Company's website www.godrejastec.com, on the websites of the Stock Exchanges where the Equity Shares of the Company are listed, i.e., National Stock Exchange of India Limited at www.nseindia.com and BSE Limited at www.bseindia.com and on the website of NSDL at www.evoting.nsdl.com.

14. Compulsory Transfer of Equity Shares to Investor Education and Protection Fund ("IEPF") & Unpaid / Unclaimed Dividend:

In accordance with Section 124, 125 and other applicable provisions of the Companies Act, 2013, read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("IEPF Rules"), all the Unpaid or Unclaimed Dividends are required to be transferred to the Investor Education and Protection Fund ("IEPF") established by the Central Government, upon completion of 7 (Seven) years. Further, all the Equity Shares of the Company on which dividend has not been paid or claimed for 7 (Seven) consecutive years or more are also required to be transferred to IEPF. The Company is in compliance with the aforesaid provisions and the IEPF Rules.

Final Dividend was declared and paid for the Financial Year 2017-18 and there were 1,371 (One Thousand Three Hundred and Seventy-One) Equity Shares amounting to nominal value of ₹ 13,710/- (Rupees Thirteen Thousand Seven Hundred and Ten Only) in aggregate, unclaimed for more than 7 (Seven) consecutive years due for transfer to IEPF, after the 31st (Thirty-First) Annual General Meeting of the Company, during the Financial Year 2025-26. The said unclaimed 1,371 (One Thousand Three Hundred and Seventy-One) Equity Shares of Face Value of ₹ 10/- (Rupees Ten Only) each were transferred to IEPF during the Financial Year 2025-26.

Unclaimed / Unpaid Dividend:

Shareholders are informed that the dividend amount for the Financial Year 2018-19 remaining unclaimed shall become due for transfer to IEPF on Wednesday, 26th August, 2026, upon expiry of 7 (Seven) years from the date of its declaration, in terms of Section 124 of the Companies Act, 2013.

Complying with various requirements set out the provisions of Section 124, 125 and other applicable provisions of the Companies Act, 2013, read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, the Company is sending individual communication to the concerned Shareholders, at their latest available address(es) registered with the Company or Bigshare, whose Dividend has remained unpaid or unclaimed for the Financial Year 2018-19 and onwards and therefore, whose Equity Shares are liable to be transferred to IEPF during the Financial Year 2026-27, giving them the opportunity to claim the Unclaimed Dividend and Equity Shares, **latest by Wednesday, 26th August, 2026**, to avoid transfer to IEPF, by making an application to the Company or the Company's Registrar & Transfer Agent, Bigshare, along with all the requisite documents. The concerned Shareholders are requested to send their claims **preferably by Friday, 7th August, 2026**, in order to allow sufficient time for processing their claims.

The Company has uploaded the list of Shareholders containing details of the names of the Shareholders, Folio Number or DP ID and Client ID and the number of Equity Shares due for transfer to IEPF on its website www.godrejastec.com, which the Shareholders are requested to verify.

Shareholders holding Equity Shares in physical form and whose Equity Shares are liable to be transferred to IEPF may note that the Company will be issuing Duplicate Share Certificate(s) in lieu of the Original Share Certificate(s) held by them for the purpose of transfer of such Equity Shares to IEPF and consequently the Original Share Certificate(s) will stand automatically cancelled and be deemed to be non-negotiable. The Shareholders may further note that the details of the concerned Shareholders uploaded on the website should be regarded and shall be deemed adequate notice in respect of issue of Duplicate Share Certificate(s) by the Company for the purpose of transfer of Equity Shares to IEPF. Shareholders holding Equity Shares in dematerialized mode / electronic mode, may note that the Equity Shares shall be directly transferred to IEPF, with the help of Depository Participants by way of corporate action, without any further notice.

in case no valid claims in respect of such Equity Shares are received from the Shareholders by the due date or such other date as may be extended under the provisions of law, the Company shall, with a view to comply with requirements set out in the Rules, be compelled to transfer the Equity Shares to IEPF by the due date, as per procedure stipulated in the Rules, without any further notice. It may please be noted that no claim shall lie against the Company in respect of Unclaimed Dividend amount(s) and/or Equity Shares transferred to IEPF.

It may be further noted that, in case no valid claims in respect of such Equity Shares are received from the Shareholders by the due date or such other date as may be extended under the provisions of law, the Company shall be compelled to transfer the Equity Shares to IEPF by the due date, as per stipulated procedure, without any further notice. No claim shall lie against the Company in respect of Unclaimed Dividend amount(s) and/or Equity Shares transferred to IEPF.

The Shareholders may further note that all the future benefits, including but not limited to, Dividend(s) arising on such Equity Shares would also be credited to IEPF. Shareholders may also note that both the Unclaimed Dividend and the Equity Shares transferred to IEPF, including all benefits accruing on such Equity Shares, if any, can be claimed back by them from IEPF after following the procedure prescribed in the Rules, the details of which are available at www.iepf.gov.in.

For any information / clarifications on the subject matter, concerned Shareholders may write to the Company at astecinvestors@godrejastec.com or contact the Company's Registrar and Share Transfer Agents, viz., Bigshare Services Private Limited, Office No. S6-2, 6th Floor, Pinnacle Business Park, Next to Ahura Centre, Mahakali Caves Road, Andheri (East), Mumbai – 400 093, Tel: +9122 6263 8200, E-mail: info@bigshareonline.com.

ANNEXURE 'E'

TO THE DIRECTORS' REPORT

Information as per Section 134(3)(m) of the Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014 forming part of the Directors' Report for the Financial Year ended 31st March, 2026

1. Conservation of Energy:

Your Company continues to maintain manufacturing units well-equipped with modernized technological installations which meet global quality standards and which are regularly reviewed and recognized by various authorities and customers across the globe. Your Company is aligned with the Godrej Industries Group's Good & Green philosophy and is committed to advancing climate action, resource stewardship, responsible manufacturing, and sustainable innovation.

Several measures have been adopted by your Company for continuous monitoring and conservation of energy during the Financial Year 2025-26.

The steps taken by your Company for conservation of energy and the benefits derived therefrom were as follows:

- (a) Improvement in steam trapping efficiency in Agitated Thin Film Dryer (ATFD) to reduce steam consumption
- (b) Optimization of pumps for process & feed water transfer
- (c) Optimization of utility pumping efficiency by changing suction header sizing

There was no capital investment on energy conservation equipment during the Financial Year 2025-26.

2. Technology Absorption:

(i) Methods / Measures adopted / Efforts made & Benefits thereof:

Your Company continues to be a technology-driven organization and has developed core competence in vital areas of process research, process development, analytical development and process engineering. Over the years, it has developed in-house capabilities to design, develop, execute and commission production plants of its own and continuously strives to introduce or implement technological upgradation in several ways. The technologies adopted by the Company are not only energy efficient but also more reliable and meeting the quality expectations of all customers globally, with a view to create customer delight.

(ii) Details of Imported Technology:

Most of the technologies which have been adopted by your Company are developed by in-house Technology transfer and Projects team and the Research and Development (R&D) team. Over past several years, your Company has developed complex chemistries in its laboratory and successfully transferred to manufacturing through dedicated, highly qualified and experienced team of chemists and engineers. Products developed in the laboratory are scaled-up in the pilot plant and learnings are captured before introduction in the manufacturing. Your Company also ensures that detailed chemical reaction hazards and fire and explosion hazards are duly addressed for every product through systematic process risk systems.

Your Company also believes in collaborating with global customers to develop newer technologies for the introduction and supply of new products in shortest duration of time. At various stages, your Company works closely with customers for contract manufacturing. Some processes have been provided by potential customers and those have been suitably absorbed.

There was no import of new technology or technology absorption during the Financial Year 2025-26.

(iii) Expenditure on Research and Development (R&D):

Your Company's Expenditure on R&D during the Financial Year 2025-26, in comparison with the figures for the previous Financial Year 2024-25 was as follows:

Particulars	2025-26 (₹ in Lakh)	2024-25 (₹ in Lakh)

CORPORATE GOVERNANCE REPORT

For the Financial Year ended 31st March, 2026

In accordance with the provisions of Regulation 34(3) read with Schedule V and other applicable provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“the Listing Regulations”), the Board of Directors of **Astec LifeSciences Limited** (“the Company”) has pleasure in presenting the Company’s Report on Corporate Governance for the Financial Year ended 31st March, 2026.

1. COMPANY’S PHILOSOPHY ON CODE OF CORPORATE GOVERNANCE:

The Securities and Exchange Board of India (“SEBI”) has introduced various requirements with respect to Corporate Governance for listed entities in India, which are implemented through the Listing Regulations and are in addition to the provisions of the Companies Act, 2013 (“the Act”) and the Rules framed thereunder.

Corporate Governance is crucial for the very existence of any company and in shaping its success and the overall goodwill it enjoys amongst its stakeholders and the public at large. It is a set of systems, procedures and practices essential to ensure that the affairs of the Company are being conducted in a manner which ensures accountability, transparency, disclosure and fairness in all its transactions and operations in the widest sense and meet its stakeholders’ aspirations and societal expectations. Good governance practices stem from the culture and mindset of the organization and the Company, as a part of the Godrej Industries Group, is committed to meet the aspirations of all its stakeholders, as a responsible corporate citizen. The Company strongly believes in value creation for its Shareholders, employees, regulators, customers, suppliers, lenders and other stakeholders, while meeting the expanding expectations in managing the business and resources of the Company optimally and effectively and adhering to the highest standards of ethics.

The Company has pleasure to report that as on 31st March, 2026, it is in compliance with the requirements of Corporate Governance as prescribed under the Listing Regulations.

2. BOARD OF DIRECTORS:

A. Board Structure:

The Board of Directors is the apex governing body constituted by the Shareholders for overseeing the Company’s overall functioning and is also expected to play a pivotal role in ensuring highest levels of Corporate Governance. The Board provides, monitors and evaluates the Company’s strategic directions, management policies and their effectiveness, and ensures that the Shareholders’ long-term interests are protected and served in the best possible manner. The Board is also assisted by Senior Management Personnel in overseeing the functional and operational matters of the Company.

The Board of Directors of the Company comprised of 8 (Eight) Directors as on 31st March, 2026, being an optimum mix of Non-Independent and Independent Directors, diverse in terms of qualifications, competencies, professional experience and expertise. 5. APPOINTMENT, REMUNERATION & PERFORMANCE EVALUATION OF DIRECTORS:

A. Policy for Selection and Appointment / Re-appointment of Directors:

The Nomination and Remuneration Committee has adopted a Policy which, *inter alia*, deals with the manner of selection or appointment of Directors on the Board, including the Managing Director / Executive Director / Whole-Time Director, if any, and their remuneration. This Policy is available on the website of the Company, viz., www.godrejastec.com and available on web link <https://www.godrejastec.com/investors/codes-and-policies>.

The Nomination and Remuneration Committee is required to ensure that the candidate identified for appointment as a ‘Director’ is not disqualified for appointment under Section 164 of the Act and the applicable provisions of the Listing Regulations.

The Nomination and Remuneration Committee considers the following attributes / criteria, while recommending to the Board of Directors, the candidature for appointment as a ‘Director’ and his / her remuneration:

- Qualification, knowledge, skills, expertise and experience possessed by the appointee;
- Personal, professional and business standing of the appointee;
- Capabilities identified by the Company which are possessed by the appointee;
- Diversity of the Board of Directors.

In case of re-appointment of a Director, the Nomination and Remuneration Committee and the Board of Directors also take into consideration the performance evaluation of the Director.

Criteria of Selection of Non-Executive and Independent Directors:

- (a) Non-Executive Directors shall be persons of high integrity, with relevant knowledge, skills, expertise and experience so as to have a diverse Board, with Directors having expertise in the fields of manufacturing, marketing, finance, taxation, law, governance and general management.
- (b) In case of appointment of Independent Directors, the Nomination and Remuneration Committee shall satisfy itself with regard to the independence of the Directors vis-à-vis the Company, so as to enable the Board to discharge its functions and duties effectively.
- (c) In particular, an Independent Director shall be a person who shall:
 - i. uphold ethical standards of integrity and probity;
 - ii. act objectively and constructively while exercising his / her duties;
 - iii. exercise his / her responsibilities in a bona fide manner in the interest of the Company;
 - iv. devote sufficient time and attention to his / her professional obligations for informed and balanced decision-making;
 - v. not allow any extraneous considerations that will vitiate his / her exercise of objective independent judgment in the paramount interest of the Company as a whole, while concurring in or dissenting from the collective judgment of the Board of Directors in its decision-making;
 - vi. not abuse his / her position to the detriment of the Company or its Shareholders or for the purpose of gaining direct or indirect personal advantage or advantage for any associated person;
 - vii. refrain from any action that would lead to loss of his / her independence;
 - viii. where circumstances arise, which make an Independent Director lose his / her independence, the Independent Director must immediately inform the Board accordingly;
 - ix. assist the Company in implementing the best Corporate Governance practices.

Criteria for Selection of Managing Director / Executive Director / Whole Time Director:

For the purpose of selection of the Managing Director or Executive Director or Whole Time Director (as the case may be), the Nomination and Remuneration Committee shall identify persons of integrity who possess relevant qualifications, knowledge, skills, expertise, experience and leadership qualities required for the position and shall take into consideration the recommendation(s), if any, received from any Member of the Board of Directors. The Committee shall also ensure that the appointee fulfils such other criteria with regard to age and other qualifications as laid down under the Act or the Listing Regulations or any other applicable laws.

B. Remuneration of Directors and Senior Management Personnel:

Policy for Determining Remuneration of Managing Director / Executive Director / Whole Time Director:

Mr. Burjis N. Godrej, who was the Managing Director of the Company throughout the Financial Year 2025-26, was not in receipt of any remuneration from the Company. He has stepped down as the "Managing Director" of the Company and has been appointed as an "Additional, Non-Executive, Non-Independent Director" on 13th April, 2026 and his appointment is subject to approval of the Shareholders by way of Postal Ballot.

Mr. Arijit Mukherjee has been appointed as "Additional Director" & "Executive Director" of the Company for a term of 3 (three) years with effect from 13th April, 2026, i.e., upto 12th April, 2029, while continuing to be the "Chief Operating Officer" of the Company and his appointment and remuneration are subject to approval of the Shareholders by way of Postal Ballot.

In general, the remuneration payable to Managing Director / Executive Director / Whole-Time Director comprises of a fixed salary and other perquisites, allowances, contribution to Provident Fund, Performance Linked Variable Remuneration, employee stock options / grants, Long Term Incentives etc. which were paid / allowed as per the Company's rules and policies prevailing from time to time. The remuneration paid is subject to tax as per the applicable Income Tax laws. At the time of appointment or re-appointment, a Managing Director / Executive Director / Whole-Time Director paid such remuneration as may mutually be agreed between the Company (which includes the Nomination and Remuneration Committee and / or the Board of Directors) and the Managing Director, subject to the overall provisions of the Act and / or the Rules framed thereunder.

In determining the remuneration, the Nomination and Remuneration Committee shall ensure / consider the following points:

- (a) Qualification, knowledge, skills, expertise and experience possessed by the appointee;
- (b) Clarity in the relationship between remuneration and performance benchmarks;
- (c) Balance between fixed and incentive pay, reflecting short-term and long-term performance objectives, appropriate to the working of the Company and its goals;
- (d) Responsibility required to be shouldered by the appointee, the industry benchmarks and the current trends.

Policy for Determining Remuneration of Non-Executive Directors:

Non-Executive, Independent Directors are entitled to receive remuneration by way of sitting fees for attending the Meetings of the Board of Directors and Committees thereof, of such sums as may be approved by the Board of Directors, within the overall limits prescribed under the Act and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014.

Non-Executive Directors shall also be allowed reimbursement of expenses for participation in the Meetings of the Board of Directors and Committees thereof.

Further, the Nomination and Remuneration Committee may recommend to the Board of Directors, payment of commission to Directors, to reinforce the principles of collective responsibility of the Board. In determining the quantum of commission, if recommended, the Committee shall take into consideration, the overall performance of the Company and the onerous responsibilities required to be shouldered by the Directors. No commission was paid to Non-Executive Directors during the Financial Year 2025-26.

Policy for Determining Remuneration of Senior Management Personnel:

In determining the remuneration of the Senior Management Personnel (i.e., the Key Managerial Personnel and other senior management employees), the Nomination and Remuneration Committee shall ensure / consider the following:

- (a) Qualifications, knowledge, skills, expertise and experience possessed by the Senior Management Personnel;
- (b) Clarity in the relationship between remuneration and performance benchmarks;
- (c) Balance between fixed and incentive pay, reflecting short-term and long-term performance objectives, appropriate to the working of the Company and its goals;
- (d) Division of remuneration between two components, viz., fixed component comprising of salaries, perquisites and retirement benefits and variable component comprising of performance bonus, employee stock options or grants and long-term incentives;
- (e) Remuneration and annual increment to be decided based on the criticality of the roles and responsibilities, the Company's performance vis-à-vis the annual budget achievement, individual's performance, industry benchmark and current compensation trends in the market.

The Managing Director / Executive Director / Whole-Time Director / Chief Executive Officer / Chief Operating Officer shall ensure that an individual performance review of the Senior Management Personnel is carried out, based on the standard appraisal matrix and shall take into account, the appraisal score and other factors mentioned hereinabove, whilst recommending the annual increment and performance incentive or any long-term incentive to the Nomination and Remuneration Committee for its review and approval.

26. Overview of the Entity's Material Responsible Business Conduct Issues:

The following are the material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to the Company's business, rationale for identifying the same, the approach to adapt or mitigate the risk along-with its financial implications, as per the given format:

Sr. No.	Material Issue Identified	Indicate whether Risk or Opportunity (R / O)	Rationale for identifying the Risk / Opportunity	In case of Risk, Approach to adapt or mitigate	Financial Implications of the Risk or Opportunity (Positive or negative implications)
1.	Sustainable Supply Chain	Opportunity	The Company believes in bolstering the supply chain in terms of ethical, environmental and social stewardship. It understands that a sustainable supply chain is crucial for business continuity since it is heavily dependent on raw materials for production. Thus, the Company considers them as not just its vendors or suppliers but its "Business Partners" (BPs). To achieve the Company's business goals and ensure ethical conduct, it is empirical that its business partners share its values and vision; and raise the sustainability standards in the Company's supply chain. The Company acknowledges that long-term sustainable development of its business partner is critical to joint success, and it values its relationship with them who share the same approach and vision towards doing business.	● Responsible Procurement Policy & Supplier Code of Conduct - In line with the Company's commitment, it has developed a Responsible Procurement Policy, which is an extension of its values and is applicable to all its suppliers. The Company expects its business partners to operate in accordance with the principles outlined in this Policy and adhere to all applicable laws and regulations. This Policy outlines the Company's expectations with regard to ethics, business integrity, human rights, health and safety, environment, the local community and quality of product and operations. ● Supply Chain Framework - The Company has meticulously woven ESG performance metrics in its screening criteria for new business partners and evaluation of existing ones. All business partners are required to sign the Responsible Procurement Policy and Supplier Code of Conduct at the time of award of contract / work to them, these are part of their contracts. ● Business Partners' Assessment & Engagement - The Company has developed a robust process of conducting due diligence of its potential business partners on the criteria of financial capabilities, ethics, environmental and safety performance, climate actions and labour and human rights. Identified critical suppliers, existing / new, are mandatorily to undertake sustainability self-assessment on environmental, occupational health & safety, business ethics and human rights aspect. Based on self-assessment scoring criteria, business partners are further subjected for the on-site / off-site sustainability audit and engagement planning.	Positive

Sr. No.	Material Issue Identified	Indicate whether Risk or Opportunity (R / O)	Rationale for identifying the Risk / Opportunity	In case of Risk, Approach to adapt or mitigate	Financial Implications of the Risk or Opportunity (Positive or negative implications)
2.	Waste Management	Risk and Opportunity	The Company is a responsible agrochemical manufacturing company and as nature of industry, it deals with substances that are inherently hazardous. Hence, efficient waste management is the most material aspect for the Company. Firstly, it helps mitigate environmental pollution by properly disposing off hazardous chemicals and preventing them from contaminating soil, water and air. Additionally, efficient waste management reduces health risks of workers and nearby communities. Moreover, it promotes resource conservation and sustainability by recycling or repurposing materials, contributing to the cost savings and overall equipment effectiveness.	● Product Life Cycle Approach – The Company continuously strives to minimize waste throughout the life cycle of its products, aiming for waste reduction at the source. Approach encompasses several key stages that begin with the design phase and proceed through manufacture, distribution and primary use. Each phase in this lifecycle presents unique opportunities for policy intervention, allowing stakeholders to rethink the necessity of the product, redesign it to minimize its waste potential, and extend its useful life. Example - During the design phase, considerations can be made to ensure that products are created with fewer resources, are more durable and are easier to repair or recycle. ● Collaboration with Pre-processor / Co-processor – The Company partners with pre-processor / co-processor / service provider to effectively divert waste that otherwise ended up going for landfill to resource and energy recovery process.	Negative
3.	Occupational Health & Safety (OHS)	Risk and Opportunity	Occupational Health and Safety (OHS) is vital for the Company as it protects employees from harm, reduces accidents and illnesses, and ultimately boosts productivity and efficiency. Prioritizing OHS can lower costs associated with injuries and absenteeism, improve employee morale and enhance the overall reputation and brand image. The Company is committed to provide a healthy and safe working environment, equipment technology and systems to its teams and associated stakeholders.	● Safety & Health Management System (SHMS) – It is based on 25 (twenty-five) safety standards with various critical elements and sub-elements. The SHMS policy is designed to enhance the performance of the Company's individual units through target setting and continuous monitoring of key performance indicators as well as promoting a safety culture across the organization. ● Environment, Health & Safety (EHS) Risk Management Framework - This is reviewed on a regular basis along with mitigation plans for identified routine and non-routine activities. The Company has implemented various techniques such as Hazard Identification Risk Assessment (HIRA), Hazard and Operability Analysis (HAZOP), green and brown field project audit, plant inspection checklists, etc. and other consequence modelling studies.	Negative

Sr. No.	Material Issue Identified	Indicate whether Risk or Opportunity (R / O)	Rationale for identifying the Risk / Opportunity	In case of Risk, Approach to adapt or mitigate	Financial Implications of the Risk or Opportunity (Positive or negative implications)
				I-safe (Digital Tool) for Reporting of Incident - Workers and employees across the Company's manufacturing locations have access to this application to report all kinds of work-related unsafe acts and unsafe conditions. A well-defined Safe Operating Procedure (SOP) is in place for defining nature and severity of the reported incident as well as necessary corrective actions and continuous status monitoring of incidents raised on the platform.	
4.	Employee Engagement and Development	Opportunity	People serve as the cornerstone of the Company and their engagement and development are crucial to the Company's success, contributing to higher productivity, reduced turnover, improved customer satisfaction, and increased profitability. Engaged and developed employees are more likely to be passionate, innovative and committed to the Company's goals, ultimately driving organizational growth. Employee engagement and well-being significantly influence these outcomes, highlighting the importance of valuing and investing in employees.	Professional Education Policy - The Company promotes a continuous Learning Culture by creating an ecosystem where learning is relevant to the employee's life cycle and serves both the organizational objectives as well as an individual's aspirations. The Company offers financial assistance to its employees through its professional education policy to encourage and facilitate continuous learning and knowledge enhancement of its employees. The objective of this policy is to ensure continuous capability-building of employees to achieve business objectives and assist employees to acquire specific professional qualifications that will enhance their effectiveness and enable them on the growth path to their specific career aspiration. Management Development Program - Designed to develop the skills and knowledge of mid-level managers, this programme provides participants with a roadmap to become new-age leaders who are self-aware, financially savvy, analytical and excellent communicators.	Positive
5.	Climate Change Mitigation and Adoption	Opportunity	India is already experiencing a warming climate. Rising temperatures are leading to an increase in the frequency and severity of extreme weather events, which are expected to get worse with Green House Gases (GHG) emissions, which continue to grow unabated.	Company's SBTi Commitment - The Company has committed to reduction in Scope 1 & 2 Green House Gas (GHG) emissions by 37.5% and Scope 3 emissions by 16% by the Financial Year 2034-35, aligning to climate science of well below 2-degree scenario, with commitment of net zero in Scope - 1 & 2 by the Financial Year 2034-35. 			Governments around the world are actively working towards transitioning their economies to a low-carbon state and India is no exception. India has significantly enhanced its Nationally Determined Contributions (NDC), which includes even more ambitious renewable energy targets and transitioning to Net Zero by 2070. For industry, this implies accelerating their decarbonization journey as well as building climate resilience through localized climate risk assessments and adaptation strategies.	● Transition towards renewable energy portfolio - Targeting 80% of the total energy consumption through renewable sources by procurement of green power, solar captive projects and phased manner coal elimination.	Positive
6.	Water and Effluent Management	Risk	Rising population, urbanization and economic growth coupled with climate change significantly affects the availability, quality, and access to water in the world. In India, added dimensions of reliance on an increasingly unpredictable monsoon, diminishing groundwater resources and changes in land use patterns further accentuate the water crisis. As the Company is a part of the agrochemical industry, water is used as a medium in chemical processing, resulting in significant effluent generation. Water is utilized for numerous purposes, such as heating and cooling, producing steam, preparing solvents and reaction media, extractive or absorptive reagents, product rinsing, distillation and washing in chemical processing operations.	● Water Risk Assessment – The Company has conducted detailed water risk assessments for its business. It uses WRI Aqueduct, WWF water risk tool and CGWA report for assessment and scenario development. The Company has considered various parameters for the assessment, which include water stress, water depletion, interannual variability, seasonal variability, groundwater depletion, riverine flood and coastal flood. Based on business significance, the Company has identified and prioritized plants and developed detailed action plan for implementation. ● Company's sustainability Strategy of "Good & Green" – The Company undertakes several initiatives to reduce its specific water consumption, reduce dependency on freshwater withdrawal, increase recycle and reuse of water within operations and construction of rainwater harvesting or recharge zone within its operational facilities. ● Effluent Treatment and Recycling – The Company has installed state-of-the-art zero liquid treatment facility for one of its major units and R&D facility to treat high COD & TDS stream in effective manner and is recycled back into the operation, thus reducing the dependency on the fresh water withdrawal. 8. Does the Entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

The Company transitioned waste generated from manufacturing operations from incineration to a pre-processing platform, followed by co-processing in cement kilns. During FY 2025–26, 804.51 MT of waste was utilized through pre-processing and co-processing, resulting in an estimated reduction of 3,769.67 kgCO₂e emissions by diverting waste from incineration.

To further reduce greenhouse gas (GHG) emissions, the Company installed a 20 TPH biomass-fired boiler to cater to the thermal energy requirements of both the new and existing plants. In addition, renewable energy contributed approximately 26.7% of the Company's total energy portfolio during FY 2025–26. The Company is also evaluating renewable energy projects such as rooftop solar, ground-mounted solar, captive solar, and hybrid energy systems for its manufacturing facilities.

Further, the Company continues to focus on improving energy efficiency through the implementation of various technologies and operational improvements, including extensive use of variable frequency drives (VFDs), energy-efficient pumps, motors and lighting systems, installation of energy efficient screw air compressors, fuel optimization through automation, enhanced condensate recovery, and improved thermal insulation of steam pipelines.

STANDALONE FINANCIAL STATEMENTS

Independent Auditor's Report

To the Members of Astec LifeSciences Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Astec LifeSciences Limited (the "Company") which comprise the standalone balance sheet as at 31 March 2026, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter

See Note 29 to standalone financial statements

The key audit matter	How the matter was addressed in our audit
Revenue from sale of goods is recognised when the control of the goods has passed, which is usually on delivery of the goods. We have considered that there is a risk of fraud on account of revenue being overstated on account of it being recognised in the wrong period or before the control has passed.	In view of the importance of the matter we applied the following audit procedures in this area, among others to obtain sufficient audit evidence:
We have identified the existence of revenue recognition from sale of products as a key audit matter. The Company focuses on revenue as key performance measure, which could create an incentive for revenue to be recognized before control has been transferred.	i. We have assessed the appropriateness of the Company's accounting policies in respect of revenue recognition by comparing with applicable accounting standards; ii. We have evaluated the process followed by the company for revenue recognition including understanding and testing of key controls including general IT controls relating to recognition of revenue in correct period; iii. Tested design, implementation and operating effectiveness of the Company's internal controls including general IT controls and key IT application controls over recognition of revenue; iv. Performed substantive testing of revenue transactions recorded during the year on a sample basis by verifying the underlying documents which included sales invoices, dispatch documents and proof of delivery, depending on the terms of contracts with customer; v. Performed testing for samples of revenue transactions recorded closer to the year-end by verifying underlying documents, to determine the accuracy of the period in which revenue was recognized; vi. Tested any unusual non-standard journal entries that impacted revenue recognized during the year; and vii. Evaluating adequacy of disclosures given in notes to the financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and auditor's reports thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Management's and Board of Directors Responsibilities for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. A. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors during the month of April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The Company has disclosed the impact of pending litigations as at 31 March 2026 on its financial position in its standalone financial statements - Refer Note 46 to the standalone financial statements.
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - d.
 - (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 13.1 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 13.1 to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
 - e. The Company has neither declared nor paid any dividend during the year.
 - f. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of accounts, along with access management tools, as applicable, having a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software and database level to log any direct data changes for accounting software used for maintaining books of account. Further, where audit trail (edit log) facility was enabled and operated throughout the year, we did not come across any instance of the audit trail feature being tampered with. Additionally, where audit trail (edit log) facility was enabled and operated in the previous year, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

- C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report on the Standalone Financial Statements of Astec LifeSciences Limited for the year ended 31 March 2026

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified every year. In accordance with this programme, all property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory, except stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.
- (iii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a), 3(iii)(b) and 3(iii)(f) of the Order are not applicable to the Company.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, in our opinion the repayment of principal and payment of interest has been stipulated and the repayments or receipts have been regular. Further, the Company has not given any advance in the nature of loan to any party during the year.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion following instances of loans falling due during the year were renewed or extended or settled by fresh loans:

Name of the parties	Aggregate amount of loans or advances in the nature of loans granted during the year (₹ in lakhs)	Aggregate overdue amount settled by renewal or extension or by fresh loans granted to same parties (₹ in lakhs)	Percentage of the aggregate to the total loans or advances in the nature of loans granted during the year (₹ in lakhs)
Discovery Laboratories Private Limited	-	251.69	100%

- (iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security as specified under Section 185 and 186 of the Companies Act, 2013 ("the Act"). The Company has not provided any loan as specified under section 185 of the Companies Act, 2013. In respect of the investments made and loan given by the Company, in our opinion the provisions of Section 186 of the Act have been complied with.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
- (vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.
- (vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have generally been regularly deposited by the Company with the appropriate authorities, though there have been slight delays in a few cases of Professional Tax and Tax deducted at Source.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2026 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Income-Tax, Duty of Customs or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

Name of the statute	Nature of the dues	Amount Demanded including interest (₹ In Lakhs)	Amount paid under protest (₹ In Lakhs)	Period to which the amount relates	Forum where dispute is pending

- (viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.
- (ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

- (c) In our opinion and according to the information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.
- (d) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries as defined under the Act.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries (as defined under the Act).
- (x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any private placement of shares or fully or partly convertible debentures during the year. In our opinion, in respect of preferential allotment of equity shares made during the year, the Company has duly complied with the requirements of Section 42 and Section 62 of the Act. The proceeds from issue of equity shares have been used for the purposes for which the funds were raised.
- (xi) (a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the year.
- (b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- (xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- (xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports of the Company issued till date for the period under audit.
- (xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

Annexure B to the Independent Auditor's Report on the standalone financial statements of Astec LifeSciences Limited for the year ended 31 March 2026

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Astec LifeSciences Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes forming part of the Standalone Financial Statements for the Year ended March 31, 2026

Note 1 : Material accounting policies

A. General Information

Astec LifeSciences Limited ("the Company") is a public limited company, which is domiciled and incorporated in the Republic of India with its registered office situated at Godrej One, 3rd Floor, Pirojsha Nagar, Eastern Express Highway, Vikhroli East, Mumbai - 400 079. The Company was incorporated under the Companies Act, 1956 on January 25, 1994. The Company manufactures a wide range of Agrochemical active ingredients and pharmaceutical intermediates.

B. Basis of preparation and measurement

(1) Basis of preparation

The standalone financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act. The accounting policies are applied consistently to all the years presented in the standalone financial statements.

The standalone financial statements of the Company for the year ended March 31, 2026 were authorized for issue in accordance with a resolution of the Board of Directors on 27 April 2026.

Current versus non-current classification

All assets and liabilities have been classified as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of the products and the time taken between acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of the classification of assets and liabilities into current and non-current.

(2) Basis of measurement

These standalone financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) that is measured at fair value (refer- Accounting policy regarding financial instruments 8);
- defined benefit plans – plan assets measured at fair value less present value of defined benefit obligation; and
- share-based payments - measured at fair value

(3) Functional and presentation currency

These standalone financial statements are presented in Indian rupees, which is the Company's functional currency. All amounts have been rounded off to the nearest lakh, unless otherwise indicated.

C. Key estimates and assumptions

While preparing these financial statements in conformity with Ind AS, the management has made certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the balance sheet date and the reported amount of income and expenses for the reporting period. Future events rarely develop exactly as forecasted and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

Judgement, estimates and assumptions are required in particular for:

(1) Determination of the estimated useful lives

Useful lives of property, plant and equipment are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II and in case of intangible assets, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

(2) Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations. Due to complexities involved in the valuation and its long term nature, defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting period.

(3) Recognition of deferred tax assets and liabilities

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilized business loss and depreciation carry-forwards and tax credits. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

(4) Recognition and measurement of other provisions

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore, vary from the amount included in other provisions.

(5) Discounting of long-term financial assets / liabilities

All financial assets / liabilities are required to be measured at fair value on initial recognition. In case of financial liabilities/assets which are required to subsequently be measured at amortised cost, interest is accrued using the effective interest method.

(6) Fair valuation of employee share options

The fair valuation of the employee share options is based on the Black-Scholes model used for valuation of options. Key assumptions made with respect to expected volatility includes share price, expected dividends and discount rate, under this option pricing model.

(7) Determining whether an arrangement contains a lease

Ind AS 116 requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Company has concluded that no changes are required to lease period relating to the existing lease contracts.

(8) Fair value of financial instruments

Derivatives are carried at fair value. Derivatives includes foreign currency forward contracts. Fair value of foreign currency forward contracts are determined using the fair value reports provided by respective bankers.

(9) Liability for Sales Return

Accruals for estimated product returns, which are based on historical experience of actual sales returns and adjustment on account of current market scenario is considered by Company to be reliable estimate of future sales returns.

(10) Provisions and contingent liabilities

A provision is recognised when the Company has a present obligation because of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent assets are neither recognised nor disclosed in the standalone financial statements.

D. Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values for, both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

E. Material accounting policies

(1) Revenue and Other income :

i. Sale of goods

Revenue from operations comprises of sales of goods after the deduction of discounts, goods and service tax and estimated returns. Discounts given by the Company includes trade discounts, volume rebates and other incentive given to the customers. Accumulated experience is used to estimate the provision for discounts. Revenue is only recognized to the extent that it is highly probable a significant reversal will not occur.

Revenue is measured based on the consideration specified in a contract with a customer. Revenue from the sale of goods are recognized when control of the goods has transferred to our customer and when there are no longer any unfulfilled obligations to the customer. This is generally when the goods are delivered to the customer depending on individual customer terms, which can be at the time of dispatch or delivery. This is considered the appropriate point where the performance obligations in our contracts are satisfied as the Company no longer have control over the inventory.

Our customers have the contractual right to return goods only when authorized by the Company. As at 31st March 2026, an estimate has been made of goods that will be returned and a liability has been recognized for this amount. An asset has also been recorded for the corresponding inventory that is estimated to return to the Company using a best estimate based on accumulated experience.

ii. Dividend income

Dividend income is recognised only when the right to receive the same is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of dividend can be measured reliably.

iii. Interest income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial assets. Interest income is included in other income in the Statement of Profit and Loss.

(2) Foreign currency :

(i) Transaction and balances

Transactions in foreign currencies are translated into the respective functional currencies of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction. Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rate are recognized as income and expenses in the period in which they arise.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of transactions. Non-monetary items that are measured at fair value in a foreign currency shall be translated using the exchange rates at the date when the fair value was measured.

Exchange differences are generally recognised in the Statement of Profit and Loss, except exchange differences arising from the translation of the following item which are recognized in OCI:

- Qualifying cash flow hedges to the extent that the hedges are effective.

(3) Employment Benefits

(i) Short-term obligations

All employee benefits payable wholly within twelve months of rendering services are classified as short-term employee benefits. Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Short-term benefits such as salaries, wages, short-term compensation absences, etc., are determined on an undiscounted basis and recognized in the period in which the employee renders the related service. The Company has a scheme of Performance Linked Variable Remuneration (PLVR) which is fully written off to the Standalone Statement of Profit & Loss. The Scheme rewards its employees based on the achievement of key performance indicators and profitability, as prescribed in the scheme.

(ii) Other long-term employee benefit obligations

Liability toward Long-term Compensated Absences is provided for on the basis of an actuarial valuation, using the Projected Unit Credit Method, as at the date of the Balance Sheet. Actuarial gains / losses comprising of experience adjustments and the effects of changes in actuarial assumptions are immediately recognised in the Statement of Profit and Loss.”

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity, and
- (b) defined contribution plans such as provident fund.

Gratuity obligations

The following post – employment benefit plans are covered under the defined benefit plans:

Gratuity :

The Company’s net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined contribution plans

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

(iv) Share-based payments

Share-based compensation benefits are provided to employees via the Astec LifeSciences Limited Employee Stock Option Plan.

Employee options:

The fair value of options granted under the Astec LifeSciences Limited Employee Stock Option Plan is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:

- including any market performance conditions (e.g., the entity’s share price)
- excluding the impact of any service and non-market performance vesting conditions (e.g. profitability, sales growth targets and remaining an employee of the entity over a specified time period), and
- including the impact of any non-vesting conditions (e.g. the requirement for employees to save or holdings shares for a specific period of time).

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

(v) Bonus plans

The Company recognises a liability and an expense for bonuses. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

(vi) Terminal benefits

All terminal benefits are recognized as an expense in the period in which they are incurred.

(4) Income-tax

Income tax expense comprises current and deferred tax. It is recognised in the Statement of Profit and Loss except to the extent that it relates to a business combination, or items recognised directly in equity or in the OCI.

(i) Current tax

Current tax is the amount of tax payable (recoverable) in respect of the taxable profit / (tax loss) for the year determined in accordance with the provisions of the Income-Tax Act, 1961. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- a) has a legally enforceable right to set off the recognised amounts; and
- b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.”

(ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries and associates to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves. Unrecognized deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Taxes relating to items recognized directly in equity or OCI is recognized in equity or OCI and not in the statement of profit and loss.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

(5) Inventories

Inventories are carried in the balance sheet as follows:

- (a) Raw materials, Packing materials, Stock in Trade and Stores & Spares: At lower of cost, on weighted average basis and net realisable value
- (b) Work-in-progress / project in progress-: At lower of cost of materials, plus appropriate production overheads and net realizable value.
- (c) Finished Goods: At lower of cost of materials, plus appropriate production overheads and net realizable value, Net realizable value is the estimated selling price in the ordinary course of business less estimated cost of completion and selling expenses necessary to make the sale. The cost of inventories have been computed to include all cost of purchases, cost of conversion and other related costs incurred in bringing the inventories to the present location and condition. Slow and non-moving material, obsolescence, defective inventories are duly provided for and valued at net realizable value. Goods and materials in transit are valued at actual cost incurred upto the date of balance sheet. Materials and supplies held for use in the production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost.

(6) Property, plant and equipment (including Capital work in progress)

(i) Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises:

- a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
- c) the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.
- d) Items of property, plant and equipment (including capital-work-in progress) are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and any accumulated impairment losses

Income and expenses related to the incidental operations, not necessary to bring the item to the location and condition necessary for it to be capable of operating in the manner intended by management, are recognised in the Statement of Profit and Loss.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted and depreciated for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in the Statement of Profit and Loss.

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

(iii) Depreciation/ Amortizations

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives specified in schedule II to the Companies Act, 2013 except for the following:

(a) Computer Hardware:

Depreciated over its estimated useful life of 4 years.

(b) Right of use Asset:

Amortized over the primary lease period.

(c) Leasehold improvements and equipments:

Amortised over the Primary lease period

Assets costing less than ₹ 5,000 are fully depreciated in the year of purchase/acquisition. Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

(7) Intangible assets

(i) Computer software

Recognition and measurement

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably.

Intangible assets viz. Computer software and product registration, which are acquired by the Company and have finite useful lives are measured at cost less accumulated amortisation and any accumulated impairment losses.

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values using the straight-line method over their estimated useful lives, and is generally recognised in profit or loss.

The intangible assets are amortised over the estimated useful lives as given below:

- Computer software 6 years
- Product Registration 5 years

(ii) Research and development

Research costs are expensed as incurred. Development expenditures on an individual project are recognised as an intangible asset under development when the Company can demonstrate: -

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
 - Its intention to complete and its ability and intention to use or sell the asset
 - It is probable that future economic benefits will flow to the Company and the Company has control over the asset
- Cost of Product Registration generally comprise of direct costs of manpower, other fixed cost and depreciation towards production of samples, creating product dossiers, fees paid to registration consultants, application fees to the government authorities. Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete, and the asset is available for use. It is amortised over the period of expected future benefit.

(8) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange difference to the extent regarded as an adjustment to the borrowing costs.

(9) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM") of the Company. The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Managing Director and Chief Operating Officer of the Company. The Company has identified only one segment i.e. Agrochemicals as reporting segment based on the information reviewed by CODM.

(10) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts.

Financial instruments also covers contracts to buy or sell a non-financial item that can be settled net in cash or another financial instrument, or by exchanging financial instruments, as if the contracts were financial instruments, with the exception of contracts that were entered into and continue to be held for the purpose of the receipt or delivery of a non-financial item in accordance with the entity's expected purchase, sale or usage requirements.

Derivatives are currently recognized at fair value on the date on which the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

(11) Hedge accounting

The Company designates certain hedging instruments in respect of foreign currency risk, interest rate risk and commodity price risk as cash flow hedges. At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Company documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk.

The effective portion of changes in the fair value of the designated portion of derivatives that qualify as cash flow hedges is recognised in other comprehensive income and accumulated under equity. The gain or loss relating to the ineffective portion is recognised immediately in statement of profit or loss.

Amounts previously recognised in other comprehensive income and accumulated in equity relating to effective portion as described above are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same line as the recognised hedged item. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial

liability, such gains and losses are transferred from equity and included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Hedge accounting is discontinued prospectively when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in the statement profit or loss.

i. Financial assets

Classification

The Company classifies its financial assets in the following measurement categories:

- Where assets are measured at fair value, gains and losses are either recognized entirely in the Statement of Profit and Loss (i.e. fair value through profit or loss), or recognized in Other Comprehensive Income (i.e. fair value through other comprehensive income).
- A financial asset that meets the following two conditions is measured at amortized cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

Business model test: The objective of the Company's business model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realize its fair value changes).

Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Initial recognition and measurement

At initial recognition, the Company measures a financial asset at fair value plus, in the case of a financial asset not recorded at fair value through the Statement of Profit and Loss, transaction costs that are attributable to the acquisition of the financial asset.

Equity investments

- All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.
- If the Company decides to classify an equity instrument as FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.
- Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets:

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, deposits, and bank balance.
- b) Trade receivables - The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. Trade receivables are tested for impairment on a specific basis after considering the sanctioned credit limits, security like letters of credit, security deposit collected etc. and expectations about future cash flows.

ii. Financial liabilities

Classification

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through the Statement of Profit and Loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable and incremental transaction cost.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of item being hedged and the type of hedge relationship designated.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

(12) Provisions, contingent liabilities and contingent assets

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The expenses relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

A provision for onerous contracts is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognises any impairment loss on the assets associated with that contract.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but will probably not, require an outflow of resources. When there is a possible obligation of a present obligation in respect of which the likelihood of outflow of resources is remote, no provision disclosure is made.

A contingent asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is probable.

Commitments includes the amount of purchase order (net of advance) issued to parties for completion of assets.

Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

(13) Cash flow hedges that qualify for hedge accounting

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in the other comprehensive income in cash flow hedging reserve within equity, limited to the cumulative change in fair value of hedged item on a present value basis from the inception of hedge. The gain or loss relating to the effective portion is recognized immediately in profit or loss. Amounts accumulated in equity are reclassified to profit or loss in the periods when the hedged item affects profit or loss.

(14) Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company's lease asset classes primarily consist of leases for land. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(15) Impairment of non-financial assets

Goodwill and intangible assets that have infinite useful life are not subjected to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

The carrying values of other assets/cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor that reflects current market assessments of the time value of money and the risk specific to the asset.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets, such reversal is not recognised.

(16) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(17) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

(18) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(F) Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.
2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.
3. Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements."

The company was in losses due to challenging market conditions in the agro-chemical industry.

Note 39 : Employee benefits

The Company contributes to the following post-employment plans in India.

Defined Contribution Plan:

The Company pays provident fund contributions to publicly administered provident funds as per local regulations and are recognised as expense in the Statement of Profit and Loss during the period in which the employee renders the related service. There are no further obligations other than the contributions payable to the appropriate authorities.

The Company recognised ₹ 186.91 lakh for the year ended March 31, 2026 (Previous Year ₹ 219.54 lakh) towards provident fund contribution in the Statement of Profit and Loss.

Defined Benefit Plan:

The Company's gratuity scheme is defined benefit plan. The Company's liability for the defined benefit scheme is actuarially determined based on the projected unit credit method. The Company's net obligations in respect of such plans is calculated by estimating the amount of future benefit that the employees have earned in return for their services and the current and prior periods that benefit is discounted to determine its present value and the fair value of the plan asset is deducted. Actuarial gains and losses are recognised in Other Comprehensive Income.

In accordance with the provisions of the Payment of Gratuity Act, 1972, the Company has a defined benefit plan which provides for gratuity payments. The plan provides a lump sum gratuity payment to eligible employees at retirement or termination of their employment. The amounts are based on the respective employee's last drawn salary and the years of employment with the Company.

Liabilities in respect of the gratuity plan are determined by an actuarial valuation, based upon which the Company makes annual contributions to the Group Gratuity cum Life Assurance Schemes administered by the LIC of India, a funded defined benefit plan for qualifying employees. Trustees administer the contributions made by the Company to the gratuity scheme.

The most recent actuarial valuation of the defined benefit obligation along with the fair valuation of the plan assets in relation to the gratuity scheme was carried out as at March 31, 2026. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

Based on the actuarial valuation obtained in this respect, the following table sets out the details of the employee benefit obligation and the plan assets as at balance sheet date:

	(₹ In Lakh)	
	March 31, 2026	March 31, 2025

Mortality rate	Indian Assured Lives Mortality 2012-14 (Urban)	Indian Assured Lives Mortality 2012-14 (Urban)

Assumptions regarding future mortality have been based on published statistics and mortality tables.

As at 31st March 2026, the weighted average duration of the defined benefit obligation is 17 years (31st March 2025- 17 years)

iv. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	March 31, 2026		March 31, 2025	
	Increase	Decrease	Increase	Decrease
Discount rate (1% movement)	(54.61)	65.15	(36.90)	44.29
Future salary growth (1% movement)	66.31	(56.40)	44.70	(37.84)
Rate of employee turnover (1% movement)	16.60	(19.19)	7.00	(8.21)

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

v. Expected future cash flows

The expected future cash flows in respect of gratuity as at March 31, 2026 were as follows

	(₹ In Lakh)	
Expected future benefit payments	March 31, 2026	March 31, 2025

Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include :

- the fair value of the forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All of the resulting fair value estimates are included in level 2 where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

C. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk;
- Market risk;
- Currency risk;

i. Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

Note 40.2 : Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans and advances.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade receivables and loans and advances

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's export sales are backed by letters of credit and Trade Credit Insurance policy from Export Credit Guarantee Corporation of India (ECGC).

The company individually monitors the sanctioned credit limits as against the outstanding balances. Accordingly, the Company makes specific provisions against such trade receivables wherever required and monitors the same at periodic intervals.

The Company monitors each loans and advances given and makes any specific provision wherever required.

The Company establishes an allowance for impairment that represents its estimate of expected losses in respect of trade receivables and loans and advances.

The maximum exposure to credit risk for trade and other receivables by type of counterparty was as follows.

Particulars	Carrying amount	
	March 31, 2026	March 31, 2025
Exports	17,053.14	9,701.95
Domestic	7,718.54	5,042.32
Total of Trade Receivables (Net of Loss Allowance)	24,771.68	14,744.27

Impairment - The ageing of trade receivables that were not impaired is as per Note 10.1

The movement in the allowance for impairment in respect of trade and other receivables during the year was as follows:

Particulars	(₹ In Lakh)	
	March 31, 2026	March 31, 2025
Balance as at the beginning of the year	12.56	7.81
Loss allowance recognised	80.66	4.75
Amounts written off	-	-
Balance as at the end of the year	93.22	12.56

Other financial assets

This comprises mainly of balances with banks, deposits with Government authorities and other receivables. Credit risk arising from these financial assets is limited and there is no collateral held against these because the counterparties are banks and government organizations. The Company considers that its balances with banks have low credit risk based on the external credit ratings of the counterparties. The Company has created the loss allowance for other receivables on specific identification basis.

Cash and cash equivalents

The Company held cash and cash equivalents of ₹ 1003.70 lakh at March 31, 2026 (previous year ₹ 56.50 lakh). The cash and cash equivalents are held with bank and financial institution counterparties with good credit rating.

Note 40.3 : Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Exposure to liquidity risk

The company has sufficient credit lines with Banks / Financial Institutions / Other group companies and board approvals are in place to utilise the sanction limits.

The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross cash settlement.

Note 40.4 : Currency Risk

Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage market risks. Generally, the Company hedge the financial instruments to manage volatility in profit or loss.

Currency risk

The company operates internationally and portion of the business is transacted in USD, EURO and CHF currencies and consequently the company is exposed to foreign exchange risk through its sales in overseas market and purchases from overseas suppliers in various foreign currencies. Foreign currency exchange rate exposure is partly balanced by purchasing of goods and services in the respective currencies and through derivative instruments.

The company evaluates exchange rate exposure arising from foreign currency transactions and the company follows established risk management policies, including the use of derivatives like foreign exchange forward contracts to hedge exposure to foreign currency risk.

Exposure to currency risk (Exposure in different currencies converted to functional currency i.e INR)

The summary quantitative data about the Company's exposure to currency risk as reported to the management of the Company is as follows. The following are the remaining contractual maturities of financial liabilities at the reporting date. Sensitivity analysis

A reasonably possible strengthening / (weakening) of the Indian Rupee against all other currencies at March 31, 2026 would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

Note: Sensitivity has been calculated using standard Deviation % of Foreign currency rate movement.

Note 40.5 : Interest rate risk

Interest rate risk can either be fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing financial assets or borrowings because of fluctuations in the interest rates, if such assets/borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing borrowings will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The interest rate profile of the Company's interest-bearing financial instruments as reported to the management of the Company is as follows.

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / (decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

(₹ In Lakh)				
Particulars	Profit/(loss) before tax March 31, 2026		Profit/(loss) before tax March 31, 2025	
	100 bp increase	100 bp decrease	100 bp increase	100 bp decrease
Variable-rate instruments	(139.06)	139.06	(290.18)	290.18
Cash flow sensitivity (net)	(139.06)	139.06	(290.18)	290.18

The risk estimates provided assume a change of 100 basis points interest rate for the interest rate benchmark as applicable to the borrowings summarized above. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the year.

- i. The company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

- ii. Significant management judgement is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income by each jurisdiction in which the relevant entity operates and the period over which deferred income tax assets will be recovered.
- iii. Unrecognised deferred tax assets: Deferred tax assets amounting to INR 2,002.38 lakh (Previous Year: INR 2,877.78 lakh) have not been recognised in respect of tax losses amounting to INR 7,956.06 lakh (Previous Year: INR 11,426.95 lakh) because in terms of para 34 to 36 of IND AS 12 – Income Taxes it is not probable that future taxable profit will be available against which the company can use the benefits therefrom. Tax losses on which deferred tax assets is not recognized comprises of Unabsorbed depreciation of INR 4,537.65 lakh (Previous Year: INR 5,165.54 lakh) which can be carried forward indefinitely and business loss of INR 3,418.40 lakh (Previous Year: INR 6,261.41 lakh) which expire in FY 2034-35.

Note 43 : Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

The board of directors seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position. The primary objective of the Company's Capital Management is to maximise shareholder value. The Company manages its capital structure and makes adjustments in the light of changes in the economic environment and the requirements of the financial covenants, if any.

The Company monitors capital using a ratio of 'adjusted net debt' to 'equity'. For this purpose, adjusted net debt is defined as total borrowings, comprising interest-bearing loans and borrowings less cash and cash equivalents. Equity comprises all components of equity.

a) The Company's adjusted net debt to equity ratio at March 31, 2026 was as follows:-

	(₹ In Lakh)	
	March 31, 2026	March 31, 2025

(a) Employee stock option scheme (ESOP, 2012 as amended by the Shareholders by way of a Special Resolution)

The Company had set up the Employees Stock Option Plan 2012 which was amended by the Shareholders by way of a Special Resolution obtained by way of Postal Ballot, whose results have been declared on September 27, 2021.

The Scheme applies to the Eligible Employees who are in whole time employment of the Company or its Subsidiary Companies. The entitlement of each employee would be decided by the Nomination and Remuneration Committee of the respective Company based on the employee's performance, level, grade, etc.

The total number of Stock Option to be awarded under the ESOP Scheme are restricted to 1% of the issued equity share capital at the time of awarding the Stock Option, can be awarded to any one employee in any one year.

The Stock Options shall vest in the Eligible Employees pursuant to the ESOP Scheme in the proportion of 1/3rd at the end of each year from the date on which the Stock Options are awarded for a period of three consecutive years, or as may be determined by the Nomination

and Remuneration Committee, subject to the condition that the Eligible Employee continues to be in employment of the Company or the Subsidiary company as the case may be.

The Eligible Employee shall exercise her / his right to acquire the shares vested in her / him all at one time within 1 month from the date on which the shares vested in her / him or such other period as may be determined by the Nomination and Remuneration Committee.

Set out below is a summary of options granted under both the plans:

Note 52: Additional regulatory information pursuant to the requirement in Division II of Schedule III to the Companies Act, 2013

The remuneration paid to its directors during the current year is in accordance with the provisions of Section 197 of the Act.

Note 53: Labour code Note

On November 21, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. The Company has considered restructured compensation of its employees with effect from April 1, 2026, and assessed the impact of the changes, consistent with the Labour Codes, draft rules, FAQs and legal opinion. Considering the materiality and regulatory-driven, non-recurring nature of this impact, the Company has presented such incremental impact under "Exceptional Items" in the standalone statement of profit and loss for the year ended March 31, 2026. The Company continues to monitor the finalisation of Central / State Rules and clarifications from the Government on other aspects of the Labour Code and would provide appropriate accounting effect on the basis of such developments as needed.

CONSOLIDATED FINANCIAL STATEMENTS

Independent Auditor's Report

To the Members of Astec LifeSciences Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Astec LifeSciences Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated balance sheet as at 31 March 2026, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of report of the other auditor on separate financial statements of such subsidiary as was audited by the other auditor, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2026, of its consolidated loss and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of report of the other auditor referred to in paragraph (a) of the "Other Matters" section below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter

See Note 27 to consolidated financial statements

The key audit matter	How the matter was addressed in our audit
Revenue from sale of goods is recognised when the control of the goods has passed, which is usually on delivery of the goods. We have considered that there is a risk of fraud on account of revenue being overstated on account of it being recognised in the wrong period or before the control has passed.	In view of the importance of the matter we applied the following audit procedures in this area, among others to obtain sufficient audit evidence:
We have identified the existence of revenue recognition from sale of products as a key audit matter. The Group focuses on revenue as key performance measure, which could create an incentive for revenue to be recognized before control has been transferred	i. We have assessed the appropriateness of the Group's accounting policies in respect of revenue recognition by comparing with applicable accounting standards; ii. We have evaluated the process followed by the Group for revenue recognition including understanding and testing of key controls including general IT controls relating to recognition of revenue in correct period; iii. Tested design, implementation and operating effectiveness of the Group's internal controls including general IT controls and key IT application controls over recognition of revenue; iv. Performed substantive testing of revenue transactions recorded during the year on a sample basis by verifying the underlying documents which included sales invoices, dispatch documents and proof of delivery, depending on the terms of contracts with customer; v. Performed testing for samples of revenue transactions recorded closer to the year-end by verifying underlying documents, to determine the accuracy of the period in which revenue was recognized; vi. Tested any unusual non-standard journal entries that impacted revenue recognized during the year; and vii. Evaluating adequacy of disclosures given in notes to the consolidated financial statements

Other Information

The Holding Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report, but does not include the financial statements and auditor's report thereon. The Holding Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Holding Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/ loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial statements of such entity or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entity included in the consolidated financial statements of which we are the independent auditors. For the other entity included in the consolidated financial statements, which has been audited by other auditor, such other auditor remain responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in paragraph (a) of the section titled "Other Matters" in this audit report.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- a. We did not audit the financial statements of one subsidiary, whose financial statements reflects total assets (before consolidation adjustments) of ₹ 161.27 lakhs as at 31 March 2026, total revenue (before consolidation adjustments) of ₹ 19.01 lakhs and net cash inflows (before consolidation adjustments) amounting to ₹ 0.13 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditor whose report has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary is based solely on the report of the other auditor.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the report of the other auditor.

- b. The financial information of one subsidiary, whose financial information reflects total assets (before consolidation adjustments) of ₹ 0.22 lakhs as at 31 March 2026, total revenues (before consolidation adjustments) of ₹ Nil lakhs and net cash inflows (before consolidation adjustments) amounting to ₹ 0.04 lakhs for the year ended on that date, as considered in the consolidated financial statements, have not been audited either by us or by other auditor. These unaudited financial information have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, and our report in terms of sub-section (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiary, is based solely on such unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, this financial information are not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of this matter with respect to the financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

Annexure B to the Independent Auditor's Report on the consolidated financial statements of Astec LifeSciences Limited for the year ended 31 March 2026

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of Astec LifeSciences Limited (hereinafter referred to as "the Holding Company") as of and for the year ended 31 March 2026, we have audited the internal financial controls with reference to financial statements of the Holding Company and such company incorporated in India under the Act which is its subsidiary company, as of that date.

In our opinion and based on the consideration of report of the other auditor on internal financial controls with reference to financial statements of subsidiary company, as was audited by the other auditor, the Holding Company and such company incorporated in India which is its subsidiary company, have, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The respective Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the respective company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor of the relevant subsidiary company in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements insofar as it relates to one subsidiary company, which is a company incorporated in India, is based on the corresponding report of the auditor of such company incorporated in India.

Our opinion is not modified in respect of this matter.

Notes forming part of the Consolidated Financial Statements for the Year ended March 31, 2026

Note 1 : Material accounting policies

A. General Information

Astec LifeSciences Limited ("the Group") is a public limited Group, which is domiciled and incorporated in the Republic of India with its registered office situated at Godrej One, 3rd Floor, Pirojsha Nagar, Eastern Express Highway, Vikhroli East, Mumbai - 400 079. The Group & its subsidiaries together considered as a group manufactures & distributes a wide range of Agrochemical active ingredients and pharmaceutical intermediates.

B. Basis of preparation and measurement

(1) Basis of preparation

The consolidated financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act. The accounting policies are applied consistently to all the years presented in the standalone financial statements.

The consolidated financial statements of the Group for the year ended March 31, 2026 were authorized for issue in accordance with a resolution of the Board of Directors on 27 April 2026.

The Group adopted Disclosure of Accounting Policies (Amendments to Ind AS 1) from 1st April 2024. Although the amendments did not result in any changes in the accounting policies themselves, they impacted the accounting policy information disclosed in the financial statements. The amendments require the disclosure of 'material' rather than 'significant' accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting entities to provide useful, entity-specific accounting policy information that users need to understand other information in the financial statements.

Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time taken between acquisition of assets for processing and their realization in cash and cash equivalents, the Group has ascertained its operating cycle as twelve months for the purpose of classification of assets and liabilities into current and non-current.

(2) Basis of measurement

These Consolidated financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) that is measured at fair value (refer- Accounting policy regarding financial instruments sr.no.8);
- defined benefit plans – plan assets measured at fair value less present value of defined benefit obligation; and
- share-based payments - measured at fair value

(3) Basis of Consolidation

(i) Subsidiaries :

Subsidiaries are all entities over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the group. The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Inter Group transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed wherever necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

(ii) Equity method :

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in the Consolidated Statement of Profit and Loss, and the group's share of other comprehensive income of the investee in other comprehensive income.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the unless it has incurred obligations or made payments on behalf of the other entity group does not recognise further losses, Unrealised gains on transactions between the group and its subsidiaries are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

(4) Functional and presentation currency

These consolidated financial statements are presented in Indian rupees, which is the Group's functional currency. All amounts have been rounded off to the nearest lakh, unless otherwise indicated.

C. Key estimates and assumptions

While preparing these consolidated financial statements in conformity with Ind AS, the management has made certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the balance sheet date and the reported amount of income and expenses for the reporting period. Future events rarely develop exactly as forecasted and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

Judgement, estimates and assumptions are required in particular for:

(1) Determination of the estimated useful lives

Useful lives of property, plant and equipment are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II and in case of intangible assets, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

(2) Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations. Due to complexities involved in the valuation and its long term nature, defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting period.

(3) Recognition of deferred tax assets and liabilities

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilized business loss and depreciation carry-forwards and tax credits. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

(4) Recognition and measurement of other provisions

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore, vary from the amount included in other provisions.

(5) Discounting of long-term financial assets / liabilities

All financial assets / liabilities are required to be measured at fair value on initial recognition. In case of financial liabilities/assets which are required to subsequently be measured at amortised cost, interest is accrued using the effective interest method.

(6) Fair valuation of employee share options

The fair valuation of the employee share options is based on the Black-Scholes model used for valuation of options. Key assumptions made with respect to expected volatility includes share price, expected dividends and discount rate, under this option pricing model.

(7) Determining whether an arrangement contains a lease

Ind AS 116 requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Group has concluded that no changes are required to lease period relating to the existing lease contracts.

(8) Fair value of financial instruments

Derivatives are carried at fair value. Derivatives includes foreign currency forward contracts. Fair value of foreign currency forward contracts are determined using the fair value reports provided by respective bankers.

(9) Liability for Sales Return

Accruals for estimated product returns, which are based on historical experience of actual sales returns and adjustment on account of current market scenario is considered by Group to be reliable estimate of future sales returns.

(10) Provisions and contingent liabilities

A provision is recognised when the Group has a present obligation because of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent assets are neither recognised nor disclosed in the consolidated financial statements.

D. Measurement of fair values

The Group's accounting policies and disclosures require the measurement of fair values for, both financial and non-financial assets and liabilities. The Group has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

E. Material accounting policies**(1) Revenue and Other Income:****i. Sale of goods**

Revenue from operations comprises of sales of goods after the deduction of discounts, goods and service tax and estimated returns. Discounts given by the Group includes trade discounts, volume rebates and other incentive given to the customers. Accumulated experience is used to estimate the provision for discounts. Revenue is only recognized to the extent that it is highly probable a significant reversal will not occur.

Revenue is measured based on the consideration specified in a contract with a customer. Revenue from the sale of goods are recognized when control of the goods has transferred to our customer and when there are no longer any unfulfilled obligations to the customer, This is generally when the goods are delivered to the customer depending on individual customer terms, which can be at the time of dispatch or delivery. This is considered the appropriate point where the performance obligations in our contracts are satisfied as the Group no longer have control over the inventory.

Our customers have the contractual right to return goods only when authorized by the Group. As at March 2026, an estimate has been made of goods that will be returned and a liability has been recognized for this amount. An asset has also been recorded for the corresponding inventory that is estimated to return to the Group using a best estimate based on accumulated experience.

ii. Dividend income

Dividend income is recognised only when the right to receive the same is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of dividend can be measured reliably.

iii. Interest income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that discounts the estimated future cash payments or receipts through the expected life of the financial

instruments or a shorter period, where appropriate, to the net carrying amount of the financial assets. Interest income is included in other income in the Statement of Profit and Loss.

(2) Foreign currency:

(i) Transaction and balances

Transactions in foreign currencies are translated into the respective functional currencies of the Group at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction. Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Group's monetary items at the closing rate are recognized as income and expenses in the period in which they arise.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of transactions. Non-monetary items that are measured at fair value in a foreign currency shall be translated using the exchange rates at the date when the fair value was measured.

Exchange differences are generally recognised in the Statement of Profit and Loss, except exchange differences arising from the translation of the following item which are recognized in OCI:

- Qualifying cash flow hedges to the extent that the hedges are effective.

(3) Employment Benefits

(i) Short-term obligations

All employee benefits payable wholly within twelve months of rendering services are classified as short-term employee benefits. Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Short-term benefits such as salaries, wages, short-term compensation absences, etc., are determined on an undiscounted basis and recognized in the period in which the employee renders the related service. The Group has a scheme of Performance Linked Variable Remuneration (PLVR) which is fully written off to the Standalone Statement of Profit & Loss. The Scheme rewards its employees based on the achievement of key performance indicators and profitability, as prescribed in the scheme.

(ii) Other long-term employee benefit obligations

Liability toward Long-term Compensated Absences is provided for on the basis of an actuarial valuation, using the Projected Unit Credit Method, as at the date of the Balance Sheet. Actuarial gains / losses comprising of experience adjustments and the effects of changes in actuarial assumptions are immediately recognised in the Statement of Profit and Loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Group operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity, and
- (b) defined contribution plans such as provident fund.

Gratuity obligations

The following post – employment benefit plans are covered under the defined benefit plans:

Gratuity:

The Group's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined contribution plans

The Group pays provident fund contributions to publicly administered provident funds as per local regulations. The Group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

(iv) Share-based payments

Share-based compensation benefits are provided to employees via the Astec LifeSciences Limited Employee Stock Option Plan.

Employee options:

The fair value of options granted under the Astec LifeSciences Limited Employee Stock Option Plan is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:

- including any market performance conditions (e.g., the entity's share price)
- excluding the impact of any service and non-market performance vesting conditions (e.g. profitability, sales growth targets and remaining an employee of the entity over a specified time period), and
- including the impact of any non-vesting conditions (e.g. the requirement for employees to save or holdings shares for a specific period of time).

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

(v) Bonus plans

The Group recognises a liability and an expense for bonuses. The Group recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

(vi) Terminal benefits

All terminal benefits are recognized as an expense in the period in which they are incurred.

(4) Income-tax

Income tax expense comprises current and deferred tax. It is recognised in the Statement of Profit and Loss except to the extent that it relates to a business combination, or items recognised directly in equity or in the OCI.

(i) Current tax

Current tax is the amount of tax payable (recoverable) in respect of the taxable profit / (tax loss) for the year determined in accordance with the provisions of the Income-Tax Act, 1961. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Group:

- a) has a legally enforceable right to set off the recognised amounts; and
- b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries and associates to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves. Unrecognized deferred tax assets are

reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Taxes relating to items recognized directly in equity or OCI is recognized in equity or OCI and not in the statement of profit and loss.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

(5) Inventories

Inventories are carried in the balance sheet as follows:

- (a) Raw materials, Packing materials, Stock in Trade and Stores & Spares: At lower of cost, on weighted average basis and net realisable value
- (b) Work-in-progress / project in progress-: At lower of cost of materials, plus appropriate production overheads and net realizable value.
- (c) Finished Goods: At lower of cost of materials, plus appropriate production overheads and net realizable value, Net realizable value is the estimated selling price in the ordinary course of business less estimated cost of completion and selling expenses necessary to make the sale. The cost of inventories have been computed to include all cost of purchases, cost of conversion and other related costs incurred in bringing the inventories to the present location and condition. Slow and non-moving material, obsolescence, defective inventories are duly provided for and valued at net realizable value. Goods and materials in transit are valued at actual cost incurred upto the date of balance sheet. Materials and supplies held for use in the production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost.

(6) Property, plant and equipment (including Capital work in progress)

(i) Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises:

- a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
- c) the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.
- d) Items of property, plant and equipment (including capital-work-in progress) are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and any accumulated impairment losses

Income and expenses related to the incidental operations, not necessary to bring the item to the location and condition necessary for it to be capable of operating in the manner intended by management, are recognised in the Statement of Profit and Loss.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted and depreciated for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in the Statement of Profit and Loss.

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

(iii) Depreciation/ Amortizations

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives specified in schedule II to the Companies Act, 2013 except for the following:

(a) Computer Hardware:

Depreciated over its estimated useful life of 4 years.

(b) Right of use Asset :

Amortized over the primary lease period.

(c) Leasehold improvements and equipments:

Amortised over the Primary lease period or 16 years whichever is less

Assets costing less than ₹ 5,000 are fully depreciated in the year of purchase/acquisition. Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

(7) Intangible assets**(i) Computer software****Recognition and measurement**

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the Group and the cost of the asset can be measured reliably.

Intangible assets viz. Computer software and product registration, which are acquired by the Group and have finite useful lives are measured at cost less accumulated amortisation and any accumulated impairment losses.

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values using the straight-line method over their estimated useful lives, and is generally recognised in profit or loss.

The intangible assets are amortised over the estimated useful lives as given below:

- Computer software 6 years
- Product Registration 5 years

(ii) Research and development

Research costs are expensed as incurred. Development expenditures on an individual project are recognised as an intangible asset under development when the Group can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
- Its intention to complete and its ability and intention to use or sell the asset
- It is probable that future economic benefits will flow to the Group and the Group has control over the asset

Cost of Product Registration generally comprise of direct costs of manpower, other fixed cost and depreciation towards production of samples, creating product dossiers, fees paid to registration consultants, application fees to the government authorities. Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete, and the asset is available for use. It is amortised over the period of expected future benefit.

(8) Borrowing costs

Other borrowing costs are expensed in the period in which they are incurred.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange difference to the extent regarded as an adjustment to the borrowing costs.

(9) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (“CODM”) of the Group. The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Managing Director and Chief Operating Officer of the Group. The Group has identified only one segment i.e. Agrochemicals as reporting segment based on the information reviewed by CODM.

(10) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts.

Financial instruments also covers contracts to buy or sell a non-financial item that can be settled net in cash or another financial instrument, or by exchanging financial instruments, as if the contracts were financial instruments, with the exception of contracts that were entered into and continue to be held for the purpose of the receipt or delivery of a non-financial item in accordance with the entity’s expected purchase, sale or usage requirements.

Derivatives are currently recognized at fair value on the date on which the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

(11) Hedge accounting

The Group designates certain hedging instruments in respect of foreign currency risk, interest rate risk and commodity price risk as cash flow hedges. At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Group documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk.

The effective portion of changes in the fair value of the designated portion of derivatives that qualify as cash flow hedges is recognised in other comprehensive income and accumulated under equity. The gain or loss relating to the ineffective portion is recognised immediately in statement of profit or loss.

Amounts previously recognised in other comprehensive income and accumulated in equity relating to effective portion as described above are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same line as the recognised hedged item. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial liability, such gains and losses are transferred from equity and included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Hedge accounting is discontinued prospectively when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in the statement profit or loss.

i. Financial assets

Classification

The Group classifies its financial assets in the following measurement categories:

- Where assets are measured at fair value, gains and losses are either recognized entirely in the Statement of Profit and Loss (i.e. fair value through profit or loss), or recognized in Other Comprehensive Income (i.e. fair value through other comprehensive income).
- A financial asset that meets the following two conditions is measured at amortized cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option. Business model test: The objective of the Group’s business model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realize its fair value changes).

Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Initial recognition & measurement

At initial recognition, the Group measures a financial asset at fair value plus, in the case of a financial asset not recorded at fair value through the Statement of Profit and Loss, transaction costs that are attributable to the acquisition of the financial asset.

Equity investments

- All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Group decides to classify the same either as at FVOCI or FVTPL. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

- If the Group decides to classify an equity instrument as FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.
- Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Group of similar financial assets) is primarily derecognised (i.e. removed from the Group's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets

In accordance with Ind-AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, deposits, and bank balance.
- Trade receivables - The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. Trade receivables are tested for impairment on a specific basis after considering the sanctioned credit limits, security like letters of credit, security deposit collected etc. and expectations about future cash flows.

ii. Financial liabilities

Classification

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

The Group classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through the Statement of Profit and Loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

Initial recognition and measurement

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable and incremental transaction cost.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that

are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Derivative financial instruments

The Group uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of item being hedged and the type of hedge relationship designated.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

(12) Provisions, contingent liabilities and contingent assets

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The expenses relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

A provision for onerous contracts is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Group recognises any impairment loss on the assets associated with that contract.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but will probably not, require an outflow of resources. When there is a possible obligation of a present obligation in respect of which the likelihood of outflow of resources is remote, no provision disclosure is made.

A contingent asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is probable.

Commitments includes the amount of purchase order (net of advance) issued to parties for completion of assets.

Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

(13) Cash flow hedges that qualify for hedge accounting

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in the other comprehensive income in cash flow hedging reserve within equity, limited to the cumulative change in fair value of hedged item on a present value basis from the inception of hedge. The gain or loss relating to the effective portion is recognized immediately in profit or loss.

Amounts accumulated in equity are reclassified to profit or loss in the periods when the hedged item affects profit or loss.

(14) Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group's lease asset classes primarily consist of leases for land and buildings. The group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the group assesses whether: (1) the contract involves the use of an identified asset (2) the group has substantially all

of the economic benefits from use of the asset through the period of the lease and (3) the group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities

includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(15) Impairment of non-financial assets

Goodwill and intangible assets that have infinite useful life are not subjected to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

The carrying values of other assets/cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor that reflects current market assessments of the time value of money and the risk specific to the asset.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets, such reversal is not recognised.

(16) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(17) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

(18) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Group
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

(ii) **Diluted earnings per share**

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(F) Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Group has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 - The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Group has no impact of these amendments in its classification criteria of current and non-current liabilities.
2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 - The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Group has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.
3. Ind AS 12, International Tax Reform - Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively. The Group has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

Reasons for variation:

Note 36. 11 The Debt-Equity, Debt service coverage ratio(DSCR), Return on Equity, Net Capital Turnover ratio, Net profit ratio and Return on Capital employed for the current financial year are better than that of previous financial year because of improved performance as compared to last year. The company was in losses due to challenging market conditions in the agro-chemical industry.

Note 37 : Employee benefits

The Company contributes to the following post-employment plans in India.

Defined Contribution Plans:

The Group pays provident fund contributions to publicly administered provident funds as per local regulations and are recognised as expense in the Statement of Profit and Loss during the period in which the employee renders the related service. There are no further obligations other than the contributions payable to the appropriate authorities.

The Company recognised ₹ 186.9 lakh for the year ended March 31, 2026 (Previous Year ₹ 219.54 lakh) towards provident fund contribution in the Statement of Profit and Loss.

Defined Benefit Plan:

The Group's gratuity scheme is defined benefit plan. The Group's liability for the defined benefit schemes is actuarially determined based on the projected unit credit method. The Group's net obligations in respect of such plans is calculated by estimating the amount of future benefit that the employees have earned in return for their services and the current and prior periods that benefit is discounted to determine its present value and the fair value of the plan asset is deducted. Actuarial gains and losses are recognised in Other Comprehensive Income.

In accordance with the provisions of the Payment of Gratuity Act, 1972, the Group has a defined benefit plan which provides for gratuity payments. The plan provides a lump sum gratuity payment to eligible employees at retirement or termination of their employment. The amounts are based on the respective employee's last drawn salary and the years of employment with the Group.

Liabilities in respect of the gratuity plan are determined by an actuarial valuation, based upon which the Group makes annual contributions to the Group Gratuity cum Life Assurance Schemes administered by the LIC of India, a funded defined benefit plan for qualifying employees. Trustees administer the contributions made by the Group to the gratuity scheme.

The most recent actuarial valuation of the defined benefit obligation along with the fair valuation of the plan assets in relation to the gratuity scheme was carried out as at March 31, 2026. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

Based on the actuarial valuation obtained in this respect, the following table sets out the details of the employee benefit obligation and the plan assets as at balance sheet date:

	(₹ In Lakh)	
	March 31, 2026	March 31, 2025

Mortality rate	Indian Assured Lives Mortality 2012-14 (Urban)	Indian Assured Lives Mortality 2012-14 (Urban)

Assumptions regarding future mortality have been based on published statistics and mortality tables.

As at 31st March 2026, the weighted average duration of the defined benefit obligation is 17 years (31st March 2025- 17 years)

iv. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	(₹ In Lakh)			
	March 31, 2026		March 31, 2025	
	Increase	Decrease	Increase	Decrease
Discount rate (1% movement)	(54.61)	65.15	(36.90)	44.29
Future salary growth (1% movement)	66.31	(56.40)	44.70	(37.84)
Rate of employee turnover (1% movement)	16.60	(19.19)	7.00	(8.21)

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

v. Expected future cash flows

The expected future cash flows in respect of gratuity as at March 31, 2024 were as follows

	(₹ In Lakh)	
	March 31, 2026	March 31, 2025

Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include :

- the fair value of the forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All of the resulting fair value estimates are included in level 2 where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

C. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk;
- Market risk;
- Currency risk;

i. Risk management framework

The Group's board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The board of directors has established the Risk Management Committee, which is responsible for developing and monitoring the Group's risk management policies. The committee reports regularly to the board of directors on its activities.

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

Note 38.2 : Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counter party to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and loans and advances.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade receivables and loans and advances

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business.

The Group has established a credit policy under which each new customer is analysed individually for creditworthiness before the Group's standard payment and delivery terms and conditions are offered. The Group's sales are backed by letters of credit and Trade Credit Insurance policy from Export Credit Guarantee Corporation of India (ECGC).

The Group individually monitors the sanctioned credit limits as against the outstanding balances. Accordingly, the Group makes specific provisions against such trade receivables wherever required and monitors the same at periodic intervals.

The Group monitors each loans and advances given and makes any specific provision wherever required.

The Group establishes an allowance for impairment that represents its estimate of expected losses in respect of trade receivables and loans and advances.

The maximum exposure to credit risk for trade and other receivables by type of counterparty was as follows.

Particulars	(₹ In Lakh)	
	Carrying amount	
	March 31, 2026	March 31, 2025
Exports	17,053.14	9,701.96

Total of Trade Receivables (Net of Loss Allowance)	24,771.68	14,744.27

Impairment - The ageing of trade receivables that were not impaired is as per Note 10. 1.

The movement in the allowance for impairment in respect of trade and other receivables during the year was as follows:

Particulars	(₹ In Lakh)	
	March 31, 2026	March 31, 2025
Balance as at the beginning of the year	12.56	7.81
Loss allowance recognised	80.66	4.75
Amounts written off	-	-
Balance as at the end of the year	93.22	12.56

Other financial assets

This comprises mainly of balances with banks, deposits with Government authorities and other receivables. Credit risk arising from these financial assets is limited and there is no collateral held against these because the counter parties are banks and government organizations. The Group considers that its balances with banks have low credit risk based on the external credit ratings of the counter parties. The Group has created the loss allowance for other receivables on specific identification basis.

Cash and cash equivalents

The Group held cash and cash equivalents of ₹ 1004.90 lakh at March 31, 2026 (previous year ₹ 57.54 lakh) . The cash and cash equivalents are held with bank and financial institution counter parties with good credit rating.

Note 38.3 : Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

Exposure to liquidity risk

The company has sufficient credit lines with Banks / Financial Institutions / Other group companies and board approvals are in place to utilise the saction limits.

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross cash settlement.

Note 38.4 : Currency Risk

Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Group uses derivatives to manage market risks. Generally, the Group hedge the financial instruments to manage volatility in profit or loss.

Currency risk

The Group operates internationally and portion of the business is transacted in USD, CHF & EURO currencies and consequently the Group is exposed to foreign exchange risk through its sales in overseas market and purchases from overseas suppliers in various foreign currencies. Foreign currency exchange rate exposure is partly balanced by purchasing of goods and services in the respective currencies and through derivative instruments.

The Group evaluates exchange rate exposure arising from foreign currency transactions and the Group follows established risk management policies, including the use of derivatives like foreign exchange forward contracts to hedge exposure to foreign currency risk.

Exposure to currency risk (Exposure in different currencies converted to functional currency i.e INR)

The summary quantitative data about the Group's exposure to currency risk as reported to the management of the Group is as follows. The following are the remaining contractual maturities of financial liabilities at the reporting date. Sensitivity analysis

A reasonably possible strengthening / (weakening) of the Indian Rupee against all other currencies at March 31, 2026 would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

Note: Sensitivity has been calculated using standard Deviation % of Foreign currency rate movement.

Note 38.5 : Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing financial assets or borrowings because of fluctuations in the interest rates, if such assets/borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing borrowings will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The interest rate profile of the Group's interest-bearing financial instruments as reported to the management of the Group is as follows.

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / (decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

(₹ In Lakh)				
Particulars	Profit/(loss) before tax March 31, 2026		Profit/(loss) before tax March 31, 2025	
	100 bp increase	100 bp decrease	100 bp increase	100 bp decrease
Variable-rate instruments	(139.06)	139.06	(290.18)	290.18
Cash flow sensitivity (net)	(139.06)	139.06	(290.18)	290.18

The risk estimates provided assume a change of 100 basis points interest rate for the interest rate benchmark as applicable to the borrowings summarized above. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the year.

- The Group offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.
- Significant management judgement is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income by each jurisdiction in which the relevant entity operates and the period over which deferred income tax assets will be recovered.

- iii. Unrecognised deferred tax assets: Deferred tax assets amounting to INR 2,001.97 lakh (Previous Year: INR 2,877.78 lakh) have not been recognised in respect of tax losses amounting to INR 7,956.06 lakh (Previous Year: INR 11,426.95 lakh) because in terms of para 34 to 36 of IND AS 12 – Income Taxes it is not probable that future taxable profit will be available against which the company can use the benefits therefrom. Tax losses on which deferred tax assets is not recognized comprises of Unabsorbed depreciation of INR 4,537.65 lakh (Previous Year: INR 5,165.54 lakh) which can be carried forward indefinitely and business loss of INR 3,418.40 lakh (Previous Year: INR 6,261.41 lakh) which expire in FY 2034-35.

Note 41 : Capital Management

The Group's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

The board of directors seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position. The primary objective of the Group's Capital Management is to maximise shareholder value. The Group manages its capital structure and makes adjustments in the light of changes in the economic environment and the requirements of the financial covenants, if any.

The Group monitors capital using a ratio of 'adjusted net debt' to 'equity'. For this purpose, adjusted net debt is defined as total borrowings, comprising interest-bearing loans and borrowings less cash and cash equivalents. Equity comprises all components of equity.

a) The Company's adjusted net debt to equity ratio at March 31, 2026 was as follows:-

	(₹ In Lakh)

Note 45

The Hon'ble Supreme Court of India ("SC") by their order dated February 28, 2019, in the case of Surya Roshani Limited & others v/s EPFO, set out the principles based on which allowances paid to the employees should be identified for inclusion in basic wages for the purposes of computation of Provident Fund contribution. The company has started complying with this prospectively from the month of March 2019. In respect of the past period there are significant implementation and interpretative challenges that the management is facing and is awaiting for clarity to emerge in this regard, pending which, this matter has been disclosed under the Contingent liability section in the financial statements. The impact of the same is not ascertainable.

Note 51: Additional regulatory information pursuant to the requirement in Division II of Schedule III to the Companies Act, 2013.

The remuneration paid to its directors during the current year is in accordance with the provisions of Section 197 of the Act.

Note 52: Labour code Note

On November 21, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. The Group has considered restructured compensation of its employees with effect from April 1, 2026, and assessed the impact of the changes, consistent with the Labour Codes, draft rules, FAQs and legal opinion. Considering the materiality and regulatory-driven, non-recurring nature of this impact, the Group has presented such incremental impact under "Exceptional Items" in the Consolidated statement of profit and loss for the year ended March 31, 2026. The Group continues to monitor the finalisation of Central / State Rules and clarifications from the Government on other aspects of the Labour Code and would provide appropriate accounting effect on the basis of such developments as needed.
